Make-A-Wish of East Tennessee Grants Local Wishes of National Organization

By Mica Stephens Carlton on Monday, November 1, 2021

At our October 26th meeting, Garrett Wagley of the East Tennessee Make-A-Wish Foundation came to join us and share the word on how this organization is changing lives.

To give some scope on the reach of Make-A-Wish: there have been over 331,000 wishes granted since inception. There were 15,802 wishes granted in 2019 alone. Over 40,000 volunteers have jumped on board to help achieve these wishes. There are 59 chapters in the United States and on average, there is a wish granted every 34 minutes. Make-A-Wish has chapters in 50 countries, on 5 different continents.

Garrett had two messages he really wanted us to take home. The first being, even though Make-A-Wish is a national organization, wishes happen on a local level (much like a franchise would operate). Secondly, Make-A-Wish doesn't just grant terminal wishes, they also grant critical illness wishes and have found they work as great medicine, the healing power of a wish. Wishes granted to these children are motivating in their fight to push on.

If you would like to help or get involved with the organization, there are a couple ways to do so. Fundraising on an individual, group, corporate level is always a wonderful aide. Another way is to donate your time through volunteer work as wish granters or committees and events. Check out the organization website at: <https://wish.org/> for more information on how to get involved.

Interactive Member Survey: You're the boss, the king, the shah

Monday, November 1, 2021

At our October 26th Program we heard from Make-A-Wish of East Tennessee.

Travel back to your 8-year-old self and tell us: what would your Wish be?

- Disney World
- The Beach
- Yellowstone
- Police Officer for a Day
- Other (please specify)

November 2 Program: Col. Scott Campbell and Cleveland High AFJROTC

Monday, November 1, 2021

Retired U.S. Air Force Col. G. Scott Campbell, the senior aerospace science instructor at Cleveland High School, is using the experience he gained over 25 years of military service to pour into the lives of local youth.

Andrew Dinsmore Proposed for Membership

Monday, November 1, 2021

Andrew Dinsmore, Store Manager of our Cleveland Publix, has been proposed for membership in the Rotary Club of Cleveland by Rotarian Mike Griffin.

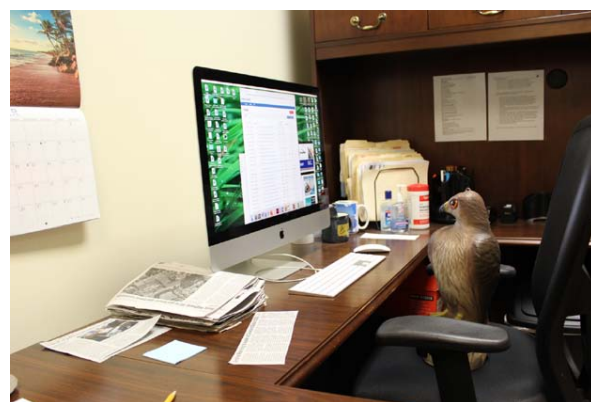

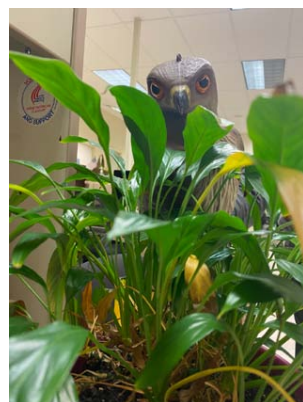

Andrew currently serves on the Volunteer Board of Directors for Junior Achievement of the Ocoee Region.

The Hawk's Journey with Tim and the Banner

Monday, November 1, 2021

Last week the Hawk was awarded to our weekly visitor, Tim Siniard, for his consistent (and talented!) support of our club through his weekly news coverage of our meetings.

The Hawk spent some time with Tim at his stomping grounds, the Cleveland Daily Banner. Check out these images below, you can see the Hawk was a bit shy at first, but quickly made friends. He snuck in some editing and even got to see his work go to print.

WVHS Interact Club Visit

Monday, November 1, 2021

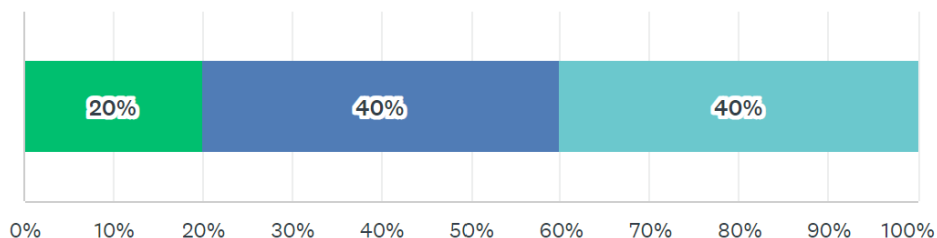

Our club was joined by members of the Walker Valley High School Interact Club at our October 26th meeting. Pictured left to right: Rotarian Kim Gunter, WVHS Interact Member Liz Gunter, WVHS Interact Sponsor Jennifer Sacca, WVHS Interact Member Sydney Sacca, Club President Vaughn Berger.

Results from last week's poll: Have you been or hosted an exchange student?

Monday, November 1, 2021

At our October 19 program Tory Kinson shared his life changing adventure as an exchange student.

We asked: Have you ever been or hosted an exchange student?

- I've been an exchange student
- My family has hosted an exchange student
- I've been an exchange student and I've hosted an exchange student
- Neither.

Don't forget to answer this week's survey: [What's your 8-year-old-self's Wish?](#)

Strategy for Final Push to End Polio

In June, the Global Polio Eradication Initiative (GPEI) launched a new strategic plan, **Delivering on a Promise: Polio Eradication Strategy 2022-2026**, with two goals: interrupting the transmission of wild poliovirus in the two remaining endemic countries (Afghanistan and Pakistan) and stopping outbreaks of circulating vaccine-derived poliovirus (cVDPV), which arise when the live virus used in the oral polio vaccine mutates back to a virulent form as it circulates among unimmunized and under-immunized populations.

The GPEI's previous strategic plan was from 2013 to 2018. We achieved many important things: Wild poliovirus type 2 was declared eradicated in 2015; wild poliovirus type 3 was last seen in 2012, giving us high confidence

that it's no longer circulating; no wild poliovirus has been detected outside Afghanistan and Pakistan since 2016. But the clear factor in creating the new Polio Endgame Strategy 2019-2023 is that we have not yet achieved complete eradication.

The new plan has three goals:

1. Eradication.
2. Integration ♦ collaboration with other public health actors beyond the GPEI to strengthen health systems to help achieve and sustain eradication.
3. Certification and containment ♦ we have to prove through surveillance that we have interrupted the transmission of the poliovirus, and we have to be able to show that the virus in laboratories either has been destroyed or is appropriately contained.

The GPEI's five-year budget to execute this is \$4.2 billion. Every year, we vaccinate more than 450 million children in up to 50 countries to prevent the spread of polio from the endemic areas. In addition to the children in Pakistan and Afghanistan, we are immunizing children all over Africa and Asia. So, it takes money to support so many people working in the field. In addition to the cost of the vaccine, we investigate about 100,000 cases of paralysis each year to rule out polio. We also continue surveillance ♦ looking for cases of polio to be sure we are not missing cases in certain areas. This involves testing sewage samples in 34 countries to ensure that the poliovirus is not circulating undetected.

What can individual Rotarians do to ensure success? Continue to support the End Polio Now initiative with your donations as well as advocate with governments and other groups for their support so that we can continue all of the immunizations and surveillance.
