Club Luncheon - Tampa's only FabLab!

The **AMRoC Fab Lab** is a collaboratively organized space being installed at University Mall, near the University of South Florida (USF), as part of the new mixed use, city center redevelopment plans for the Mall that will include co-work space, entrepreneurship resources, social enterprise and USF College of Engineering facilities. At AMRoC, youth and adults can explore science, technology, engineering, manufacturing and related education and career training opportunities.

Join us Tuesday to learn more about how this unique program can help shape the technology careers of the future!

Meet Terri Willingham

Terri is the Executive Director of the Foundation for Community Driven Innovation, a Tampa based nonprofit dedicated to supporting academic achievement, economic development and the spirit of innovation through inspiring programs and active learning projects. She is a writer by trade, the author of two books on health, co-author of Makerspaces in Libraries and author of the new book, Library Makerspaces: The Complete Guide and also works as a creative partner with Eureka Factory, a consulting and educational event production company. Terri believes strongly in the value of collaboration and the strength of mentor-based learning, through which she works to build capacity in client agencies and constituents.

Here is the information you need to connect to the meeting:

Help us promote your business with photos!

Are you doing business with other Rotarians? We hope so! Our community of professionals who live by the 4 Way Test is the best place to start when you need a referral, or want to give one to a friend.

Since we are not meeting in person for club events as often, now is a great time to share our members' professional success and the many times that we work with each other. **Please share** any photos and stories you have of working with each other, so we can use our Instagram and Facebook pages to get that message to the community.

What's Going on at Rotary International?

Catch up on the latest RI news firsthand from last year's Rotary International treasurer himself! David Stovall will be at our District 6890 Town Hall Meeting on Tuesday, August 11. Learn ways to get engaged across borders and even more reasons to be proud of the Rotary worldwide impact.

Tuesday, August 11

Don't miss our upcoming speakers!

Meeting virtually has its benefits! Speakers from near and far are available to join us on Zoom to share stories and meaningful insight from their viewpoints. Thanks to Kim Kenney, Eric Newman and all the programs committee, new names are being added each week.

Keep an eye on our speakers schedule (left side of the [website](#) home page) to see who is coming up. From the arts, to sports, to local and national politics, and beyond, there is something for everyone! Remember, guests are always welcome to participate too, so spread the word.
