DISTRICT NEWS

JULY 2020

District Governor Mark Scolnick

DG Mark Scolnick's New Year Message

My Family of Rotary:

I am honored to be your District Governor for this coming Rotary year. It is with a great deal of anticipation and excitement, as well as trepidation that I embark on our 2020-2021 Rotary year. I want to thank those whose guidance and support have made it possible for me to reach this point. The past three years of training and preparation have been a great journey. The friendships that Irma and I have made have enriched our lives.

There are many challenges ahead, but with the use of our Rotary Core Values we will be able to make our world a better place. Rotary is founded not only on the Four Way Test, but brings us together with the principles of Fellowship, Integrity, Diversity, Service and Leadership. The world today is not the same as it was when Rotary was founded in 1905. Demographics have shifted, the pace of change has accelerated, and technology has created new opportunities for connection and service. What hasn't changed is a need for the values that define Rotary.

At President Elect Training, your club president heard outstanding speakers and received outstanding training. They are now prepared to make your club even better than it was before Covid. We will work together to make our clubs irresistible, support our awesome Foundation, and make eradicating polio our #1 priority.

Our theme for this year is "Rotary Opens Opportunities." There are opportunities for growth and service, fellowship and fun, for you, your club, and your communities. Don't miss them!

Yours in Rotary Service,
 DG Mark

Rotary Membership!

This month I would like to focus on Rotary International's relatively new collaboration with Toastmasters. We have noticed this connection in the past year through our District Speech Contest and maybe you have also noticed posts that our own Public Image Chair Lisa Hickey has posted on the District Website and Social Media. However, this connection is expanded into an entire Library of Learning on the Rotary.org website. They have short learning segments on all topics of public speaking, interpersonal skills and preparing presentations. These are free! Any member can just log into www.rotary.org, go to the My Rotary area of the site and in the Learning & Reference Area, go to the Learning Center.

Small Grant Leads to Big Changes in Tanzania

By Curt Harris, Past Governor, Rotary District 5450

Although I joined Rotary in 1997, it wasn't until I had the opportunity to travel to Tanzania to climb Mount Kilimanjaro as a Rotary-sponsored fundraiser three years later that I really felt I had become a Rotarian.

This was my first opportunity to visit a developing country and see first-hand what poverty looks like. It is quite an eye-opener. I also got to

observe some of the great things that Rotary was doing in the area. On that trip, our team of 11 climbers raised nearly \$300,000 to support the Selian Hospital in northern Tanzania. Three years later, I returned with a smaller team, raising \$125,000 to help build Selian Hospital's new sister facility near downtown Arusha.

I have now climbed Kilimanjaro five times, with plans to return a sixth time, either this fall or in 2021. The last two times, in 2016 and 2018, I led teams that did something truly special. On each of these climbs, we were joined by some young Tanzanian women who were graduates of the Kisa Project, a program sponsored by AfricAid. It provides robust mentorship opportunities that help secondary school girls learn skills like confidence, leadership, and resilience in order to succeed in school and beyond. In fact, 97% of Kisa scholars continue to tertiary education, compared with a national average in Tanzania of 3%. It's a remarkably effective program.

The young women who joined us were so excited to be part of our climb. Very few women in Tanzania get to climb Kili—they typically cannot afford it and the culture discourages it. We were also excited for them to join us, because it gave us all a chance to hear firsthand the stories that led them to become the confident, successful, university-educated women who now serve as Kisa Project Mentors today.

As Rotarians, we do a lot of good and realize that even a small effort can have a major impact on the local community or half a world away.

Learn About Rotary—#1

By Winnie M. Marvel

Most Rotarians have never visited the Rotary.org web-site. If I am going to be honest with you, I hadn't ever logged on to the site until I became president elect of my club. Back then, the site was slow. Excuse me? Did I say slow? Yes, yes I did. Really...even in it's new and improved self during that year it was pretty awful.

Now I can eat my words about Rotary.org because through the very hard work of a LOT of people, it has become quite a site. It still has a few drawbacks...say for instance their search tool. Not so sharp. But when I say there is knowledge to be gained and information to be had, I mean it. It is rich in content! Everything about Rotary is there...for clubs, for leadership, for foundation, for all members just like you.

Each month I will be exploring and sharing different areas of the Rotary.org website to share, so that you may expand yourself and help your club. I also want to emphasize, that just because this information is found on the RI website, these are things that can help anyone in their day to day business and private life. These are resources that can help you improve not only your Rotary Club, but your bottom line. So dig in and enjoy!! This is one of the MANY benefits of (continued on page 6)
