Morgan Burnette, Director of Chehaw Park & Zoo - Please complete the survey

Friday, September 18, 2020

Morgan Burnette, Director of Chehaw Park & Zoo spoke to the Dougherty County Rotary Club about the newly formed Artesian Alliance. The Artesian Alliance includes some of the areas most beloved and well used attractions- Chehaw Park & Zoo, Flint RiverQuarium, and Thronateeska Heritage Center. The Alliance is only beginning to glimpse its tremendous potential as a community asset. Evaluation and development of a clear path forward is the most effective way of ensuring continued positive progress towards realizing that potential. In other words, the Artesian Alliance needs a strategic plan. The Alliance hired Felis Consulting to begin the strategic planning process in June. The overarching goal is to develop

a strategic business and development plan that will guide staff when making decisions and plans for the future of the organizations. It will ensure that those plans are the best options for community interests, animal care, and the mission of each organization.

Input from the public is a critically vital first step in the development of this plan. Your participation in the questionnaire linked below will provide valuable information to the strategic planning process. It will help us understand residents' and tourists' likes and dislikes of our current leisure time attractions, and allow you to make suggestions about our future. Feel free to share with others and thank you for your continued support and participation.

[Click Here to Complete Survey](#)

We have a new way to collect your feedback for our Master Plan through a unique [virtual workshop](#)! Thank you for any feedback you've already provided through our previous questionnaire. This is a different survey that dives a little deeper into what you'd like to see at each organization.
