Side by Side Again- Enduring a Pandemic Together

Cindi Johnson, MA, CBIST
Executive Director, Side by Side Brain Injury Clubhouse
An Update on Side by Side Brain Injury Clubhouse

Cindi Johnson is the executive director of the nonprofit organization, Side by Side, that uses a community-based, partnership model to rebuild lives broken by a traumatic brain injury. After 15 years as a rehabilitation professional, she founded Side by Side Brain Injury Clubhouse in 1999 to answer the questions every family has after their lives were suddenly changed and intense medical care is complete: Who am I now? Will I need non-stop caregiving; will I be able to work again? Will I have friends, colleagues, and live a productive life?

Cindi is a proud graduate of Leadership Dekalb's Class of 2009, is continually active in improving the lives of her Dekalb County neighbors, and serves the brain injury community as a Brain Injury Specialist Trainer, policy advocate, member of several advisory committees, and as an author of family and patient education books.

The RCSM, held their school supply drive on Friday August 27 at Indian Creek Elementary school. As every school supply drive, this one will have a profound impact on students and their learning experience. It will definitely make the school a better place for both students and teachers by the simple act of providing school supplies. Students cannot be successful without the tools that they need.

Several other service organization along with Rotary took part of this drive. Over 400 families took advantage of this drive.

The schools thank the Rotary Club Of Stone Mountain for the kind generosity of its members.
