Al Capone goes to prison

On October 17, 1931, gangster Al Capone is sentenced to 11 years in prison for tax evasion and fined \$80,000, signaling the downfall of one of the most notorious criminals of the 1920s and 1930s.

Alphonse Gabriel Capone was born in Brooklyn, New York, in

The Four-Way Test

Of the things we think, say or do...
Is it the **TRUTH**?

Is it **FAIR** to all concerned?

Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?

Will it be **BENEFICIAL** to all concerned?

Rotary Opens Opportunities

1899 to Italian immigrants. He was expelled from school at 14, joined a gang and earned his nickname **Scarface** after being sliced across the cheek during a fight. By 1920, Capone had moved to Chicago, where he was soon helping to run crime boss Johnny Torrio's illegal enterprises, which included alcohol-smuggling, gambling and prostitution. Torrio retired in 1925 after an attempt on his life and Capone, known for his cunning and brutality, was put in charge of the organization.

Prohibition, which outlawed the brewing and distribution of alcohol and lasted from 1920 to 1933, proved extremely lucrative for bootleggers and gangsters like Capone, who raked in millions from his underworld activities. Capone was at the top of the F.B.I.'s **Most Wanted** list by 1930, but he avoided long stints in jail until 1931 by bribing city officials, intimidating witnesses and maintaining various hideouts. He became Chicago's crime kingpin by wiping out his competitors through a series of gangland battles and slayings, including the infamous St. Valentine's Day Massacre in 1929, when Capone's men gunned down seven rivals. This event helped raise Capone's notoriety to a national level.

Among Capone's enemies was federal agent Elliot Ness, who led a team of officers known as **The Untouchables** because they couldn't be corrupted. Ness and his men routinely broke up Capone's bootlegging businesses, but it was tax-evasion charges that finally stuck and landed Capone in prison in 1931. Capone began serving his time at the U.S. Penitentiary in Atlanta, but amid accusations that he was manipulating the system and receiving cushy treatment, he was transferred to the maximum-security lockup at Alcatraz Island, in California's San Francisco Bay. He got out early in 1939 for good behavior, after spending his final year in prison in a hospital, suffering from syphilis.

Plagued by health problems for the rest of his life, Capone died in 1947 at age 48 at his home in Palm Island, Florida.

Please keep the following in mind when considering attending in-person meetings:

- ◆ Attending in-person meetings is not required. There are no attendance requirements at least through the end of the year. Additionally, we are working on making the meetings accessible via Zoom. Do not feel any obligation to attend in-person meetings if you are not comfortable doing so or feel it is unsafe.
- ◆ Anyone who is sick, infected with COVID-19 or exhibiting symptoms of COVID-19 must not attend in-person meetings.
- ◆ Guests and visiting Rotarians are not permitted to attend in-person meetings at this time. However, they are encouraged to join us via Zoom.
- ◆ Please be aware that the Governor's order strongly encourages people to wear face coverings as practicable while outside their homes except when eating or drinking.

◆ Please keep the following excerpt from the Governor's order in mind when deciding to attend Rotary meetings in person:

All residents and visitors of the State of Georgia who meet the following criteria for higher risk of severe illness as defined by the Centers for Disease Control and Prevention are required to Shelter in Place within their homes or places of residence:

- 1. Those persons who live in a nursing home or long-term care facility, including inpatient hospice, assisted living communities, personal care homes, intermediate care homes, community living arrangements and community integration homes.*
- 2. Those persons who have chronic lung disease.*
- 3. Those persons who have moderate to severe asthma.*
- 4. Those persons who have severe heart disease.*
- 5. Those persons who are immunocompromised. Many conditions can cause a person to be immunocompromised, including cancer treatment, smoking, bone marrow or organ transplantation immune deficiencies, poorly controlled HIV or AIDS, and prolonged use of corticosteroids and other immune weakening medication.*
- 6. Those persons, of any age, with class III or severe obesity.*
- 7. Those persons diagnosed with the following underlying medical conditions: diabetes, liver disease, and persons with chronic kidney disease undergoing dialysis.*

◆ Until further notice, lunches will be pre-prepared with no buffet service.

◆ Tables will be arranged with seating of no more than 6 people and appropriately spaced out. Please adhere to this and do not add seating or rearrange the setups.
