As People of Action, we share a strong sense of purpose.

More than a century ago, we pioneered a new model of service leadership grounded in person-to-person connections. Today, those connections are a network that spans the globe bridging cultural, linguistic, generational, and geographic barriers and shares the vision of a better world.

As People of Action, we understand that fulfilling that vision requires a plan.

This is Rotary's plan for the next five years: **to increase our impact, expand our reach, enhance participant engagement, and increase our ability to adapt.**

By helping to realize the goals of this plan, you ensure a stronger and even more effective future for Rotary's tremendous legacy. Our plan is rooted in our tried-and-true values and builds on the remarkable capabilities and spirit of Rotarians.

It is clear-eyed about the challenges that Rotary and the world face. It protects the value of human connection in an age of technology. It lays out a path for bringing great ideas to the forefront of the global imagination of what's possible.

And our plan will provide us with a continuity of vision from year to year, keeping us moving toward fulfilling our shared purpose.
