## **Tip of the Month**

A new Rotary year brings with it a newly re-designed District 6930 Website ([www.rotary6930.org](http://www.rotary6930.org)).

If you haven't had a chance to "stop by", please take some time. There's a wealth of information contained within the site, especially under the Training tab > Club Resources.

Some of the information is populated from the information contained at DACdb - for example each club's location is posted under the About tab > Our District.

Please be sure to update your club's meeting place, location, time and day if anything changes. You can do this by logging in to DACdb > My Club > Admin Functions (left column) > Edit Club. Each tab heading can be clicked to edit the information.

The District now has another Facebook page as well...

[www.facebook.com/RotaryDistrict6930Florida](http://www.facebook.com/RotaryDistrict6930Florida)

This one is a outward projecting public page. The other one is a public group page...

Be sure to "like" each one so you can get up to date information!
