### PRESIDENT ELECT, STEPHEN LONG U.S. SPACE FORCE MILITARY COMMAND

Our President-elect, Stephen Long, filled us in on the Space Force, which will become the 6th branch of the US Armed Forces, including the Army, Marine Corps, Navy, Air Force, and Coast Guard. He pointed out there is lots of infighting amongst the various branches, reminiscent of the early start of the Air Force in WWII.

The Air Force has 80% of the space budget and there are 60 different government space organizations. Steve also noted that Patrick Air Force Base will be renamed to Patrick Space Force Base. One reason for the creation of the Space Force, is if the Chinese or other country find ice on the moon or any other planet, they can claim it as their territory.

The missions of the Space Force include:

- ◆ Space situational advantage
- ◆ Battle management command and control of space forces
- ◆ Space lift and range operations
- ◆ Space support to nuclear command and control
- ◆ Missile warning
- ◆ Satellite communications and position, navigation and timing

Steve also shared with us the new US Space Force logo, shown below, long with possible uniforms on General John Raymond, Chief of Space Operations. I'm not sure about the camouflage uniforms, seems not too useful in space. And, of course, I had to throw in a Baby Yoda image, just because! :)

Thanks, Steve, for another interesting presentation!

Congratulations to Kimberly Carroll for being invited to participate in a Role of Rotary in Women Empowerment on Monday, August 17. Very cool that she was able to participate! I would love to hear more about it.

Many thanks for the band of merry misfits who worked the Indialantic Voter Precinct yesterday. It was a LOOONNNNGGGG day and we handled 374 voters. Participating were: Dan Frey (Clerk, who is the Man in Charge), Susan Frey, Jean Hender, Jack Ward, Jock Walter, Bob Visconti, Dick Ballantyne, Steve Spragins, and myself.

## SPEAKERS

08/19/20 — TBD

"It's our insides that make us who we are, that allow us to dream and wonder and feel for others. That's what's essential. That's what will always make the biggest difference in our world."

"Everyone longs to be loved. And the greatest thing we can do is to let people know that they are loved and capable of loving."

"If only you could sense how important you are to the lives of those you meet; how important you can be to people you may never even dream of. There is something of yourself that you leave at every meeting with another person."

"Our world hangs like a magnificent jewel in the vastness of space. Every one of us is a part of that jewel. A facet of that jewel. And in the perspective of infinity, our differences are infinitesimal. We are intimately related. May we never even pretend that we are not."

"When I was a boy and I would see scary things in the news, my mother would say to me, 'Look for the helpers. You will always find people who are helping.'"

"Play is often talked about as if it were a relief from serious learning. But for children play is serious learning. Play is really the work of childhood."

Fred Rogers (Mr. Rogers)
