Let's show Englewood that we are PEOPLE OF ACTION!

Connect For Good

CONNECT WITH YOUR COMMUNITY

Through your club, you can connect with your community by learning about its needs and working on long-term solutions. When you work with local leaders and beneficiaries, you'll strengthen both your community's needs, and then use the resources in a project that positively touches someone else's life can be life-changing for you as well. Here are some of the many ways your membership can help you connect to your community.

- VOLUNTEER TO HELP with your club's service projects. If you know of a need in your community, propose a project that addresses it. You can use Community Assessment Tools to evaluate your community's needs, and then use the resources in the Project Lifecycle Kit to design and implement a project. You can join your club service projects committee, browse other projects on Rotary Showcase, crowdsourcing the resources you need on Rotary Ideas, and learn how to apply for a Rotary grant to improve and help fund your project at rotary.org/grants.
- BRIDGE GENERATIONS by supporting local Rotary youth programs. You can build the future of Rotary and your club by connecting with Rotaractors and inspiring them to join your Rotary club. Show Interactors the impact they can have in their communities by supporting their service efforts.

- CREATE STRONGER COMMUNITY TIES with a Rotary Community Corps (RCC). We have created a RCC in Englewood. RCC's are groups of non-Rotarians

who share our commitment to service. RCC members plan and carry out projects in their communities and support local Rotary club projects. By working with RCCs, you can boost community engagement and your projects' sustainability by positioning local leaders to pioneer change. Learn more at rotary.org/rcc.

- PARTICIPATE IN TRAINING EVENTS offered by your district and connect with other members in your area. Districts hold a variety of training and informational events that are open to all members. Attending one can help you learn more about Rotary and what other clubs in your community are doing. Visit your district's website <https://rotarydistrict6960.org/> or contact your club leaders to find out when your district's next event will be held.
- COLLABORATE WITH OTHER CLUBS in your area on a joint service project or event. Rotary Ideas can make finding and collaborating with partners easier.

Flamingo Fiesta 6960 District Conference

Flamingo Fiesta - 6960 District Conference 2020-21. What a weekend, our club was recognized in so many ways this weekend. Congratulations to Deborah Hegedus for leading the club this past year, we would not have received these awards without your leadership. We were awarded District Governor Award Platinum Level, Zone 34 Public Image Citation, Club Community Partnership Award. Traci Hamill was presented with the Rotary District 6960 Rising Star Award, and Alfred Current was officially pinned as District Governor Nominee for 2023-24 Rotary Year. Congratulations to a job well done by all the members of the Rotary Club of Englewood.

Rotary Club of Englewood Speaker on July 13, 2021

Jessica Anderson is the Englewood Area Director of the Boys & Girls Club. Originally from Perth Amboy NJ, She has lived in Charlotte County for the past 15 years and has 2 children: her son attends LA Ainger Middle School, daughter just finished 5th grade at Myakka River Elementary. Jessica worked in the financial industry for a decade where she was licensed in Life, Health and Variable Annuities before joining the Boys & Girls Club Movement for the past 8 years. A member of National Afterschool Association and a Paul Harris Fellow Recipient, CPR/AED & First Aid certified, trained in Adverse Childhood Experiences and Crisis Prevention Intervention, as well as a CDL licensed driver. It is here, at The Boys & Girls Club that she finally understood the meaning Love what you do and you will never work a day in your life.

SMART Girls helps girls develop toward healthy attitudes.

SMART Girls is a small-group health, fitness, prevention/education and self-esteem enhancement program designed to meet the developmental needs of girls in three age groups, spanning ages 8 to 18. Through dynamic sessions, participatory activities, field trips and mentoring opportunities with adult women, Club girls explore their own and societal attitudes and values as they build skills for eating right, staying physically fit, getting good health care and developing positive relationships with peers and adults.

SMART Girls is a program that members of our club will facilitate at the Englewood Boys & Girls Club beginning on August 23.
