Speaker: Welcome to SMART Girls! - Traci Hamill

Subject: SMART Girls helps girls develop toward healthy attitudes.

Rotary Club of Englewood
Meets at Artur's Restaurant 70 N Indiana Ave Englewood, FL 34223
Time: Tuesday at 11:30 AM

Connect For Good

CONNECT WITH THE ROTARY WORLD

Rotarians make a difference on a global scale. Your membership gives you access to a global network of professionals and leaders who share a passion for applying their collective expertise and resources to make a positive change. Here are some ways to connect with the Rotary world.

- **CONNECT WITH THE ROTARY WORLD MEET OTHER MEMBERS** with similar interests by joining a Rotary Fellowship or a Rotarian Action Group. Rotary Fellowships are formed around hobbies, interests, or vocations, and Rotarian Action Groups are formed around dedication to a particular cause. View lists of Rotary Fellowships and Rotarian Action Groups and contact one directly using the Rotary Fellowships directory or the Rotarian Action Groups directory.
- **PARTICIPATE IN INTERNATIONAL PROJECTS.** Many clubs partner with clubs in other parts of the world to address a need in one of their communities. Together, they leverage Rotarian and Rotary alumni expertise to build long-term partnerships for sustainable projects. You can find clubs that need partners, more volunteers, or other support on Rotary Ideas.
- **HELP ERADICATE POLIO** either by volunteering for a National Immunization Day (NID), contributing to the cause, or helping to spread the word. Email polioplus@rotary.org to connect with Rotarians leading upcoming trips. Post about polio on your social media pages, contribute to the PolioPlus Fund, or include a link to endpolio.org in your email signature.
- **ATTEND ROTARY EVENTS** to exchange ideas and meet people. Attend the Rotary International Convention, which is held in a different international city each year, with friends from your club or district. You'll enjoy inspiring talks from global leaders, celebrities, and activists, meet members from around the world, and learn how to expand our impact. Learn more at rotary.org/events.
- **SUPPORT ROTARY'S CURRENT WORK** by giving to the Annual Fund, which sustains thousands of projects that are being conducted in your community and around the world. The Rotary Foundation supports projects and programs that transform lives by tackling poverty, disease, conflict, and lack of education and water. Go to rotary.org/give to make a donation.
- **JOIN ROTARY DISCUSSION GROUPS** on My Rotary. Hundreds of discussion groups allow members to connect and share diverse perspectives about all kinds of topics. If you have a My Rotary account, you can join an existing discussion group or start a new one. Rotary also has official pages on Facebook, Twitter, LinkedIn, Instagram, Flickr, and more.
- **SHARE YOUR EXPERTISE.** Join a Rotarian Action Group or area of focus discussion group and use your expertise to enhance the projects that Rotarians are working on. Check the Rotarian Action Groups directory and contact the one you're interested in. Read about the projects that Rotarian Action Groups have recently supported in the Rotarian Action Groups annual report. You can also share your expertise in the areas of focus and project planning by serving other clubs as a consultant on international projects or as a moderator in discussion groups. Contact your district international service chair or district governor to make your technical skills or experience known, and find out how you can become a part of your district's network of experts. Finally, if you have professional expertise in one of Rotary's areas of focus, you can serve on The Rotary Foundation Cadre of Technical Advisers and advise members carrying out grant projects around the world.

Rotary Club of Englewood Speaker on July 20, 2021

PDG Don Thomas spoke about HANWASH which develops and implements business-based best practices for public and private collaborations to build capacity in local communities to deliver thoughtfully managed and sustainable clean water and sanitation to all the citizens of Haiti

WHAT IS HANWASH?

HANWASH (Haiti National Clean Water, Sanitation and Hygiene Strategy) is a collaborative national initiative to provide thoughtfully managed and sustainable clean water and sanitation to all citizens of Haiti, along with the associated health, community and economic benefits. The initiative is led by Rotary District 7020 and DINEPA (The Haitian Government's National Water and Sanitation Agency), along with other non-governmental organization (NGO) partners, such as Haiti Outreach and Pure Water for the World.

THE BACKGROUND

Half of Haiti's water and sanitation infrastructure is simply not functioning. The country has been a frequent recipient of aid funding, most of which sadly only focuses on creating relief providing temporary fixes to the problems that exist rather than building the systems necessary for the country to function. The end result of aid funding is this: A survey of 1,096 water kiosks and 2,266 water fountains by DINEPA in 2013 showed that more than half of existing water kiosks are out of service and only 58.4% of existing water fountains inventoried are functional. Haiti Outreach in 2004, stated that over 40% of wells are non-functioning. A sustainable solution is needed for Haiti that can serve as a blueprint for other developing countries as well.

As Haiti work towards meeting the UN Sustainable Development Goals (SDG 6), they need partners to help build the systems that will move the country forward. This will stabilize the rapidly changing political climate in Haiti and is a significant reason why the HANWASH initiative is needed and the reason why so much

time and effort has been invested in building a resilient relationship with the Haitian Government WASH agency DINEPA, along with its Directeur General and Team. Despite political changes, HANWASH's relationship with DINEPA remains strong.

THE GOAL

The intention of HANWASH is simply to facilitate the creation of safely managed access to financially sustainable, potable water and sanitation to every household in Haiti. More specifically, by 2030, HANWASH would ensure availability and sustainable management of water and sanitation for all through:

- Universal and equitable access to safe and affordable drinking water
- Access to adequate and equitable sanitation and hygiene
- Long term commitment and engagement of local communities to support and strengthen improvements and management

This task requires a systems approach, not simply creating infrastructure, but establishing a framework of accountability, responsibility and transparency that works to enroll partners and create clear lines of authority and responsibility that result in technically sound, revenue positive, safely managed infrastructure.

THE INITIAL PROGRAM

Safely managed systems for WASH require that many partners be aligned on the roles and responsibilities necessary for infrastructure to function reliably. This includes Rotary leveraging its advocacy to bring partners to the table: DINEPA operating as the regulatory authority;

OREPAs (Regional Offices for Drinking Water and Sanitation) acting as regional implementation and monitoring partners; the municipalities as elected bringing a mandate to improve systems in their communes; and NGOs serving as implementing partners. With this in mind, we created an approach that connects these diverse partners and allows us to begin creating partnerships with these actors.

HANWASH will focus on systematically increasing access to sustainable managed water, initially in four of Haiti's 145 communes, with the aim of expanding the program across the whole of Haiti once it is shown to be successful. The four pilot projects are in the Communes of Cavallion, Ferrier, Trou du Nord and Croix des Bouquets representing one commune in each of the four OREPA regions, each supported by the Rotary club structure in the area.

LBSR Social Makeup 7/27 Ricaltini's 5pm

Greetings Fellow Rotarian Leaders,

We want to invite you and your members to a Social Make-up hosted by LB Sunrise Rotary on **Tuesday, 7/27 at 5-7pm**. It will be held at **Ricaltini's**. There will be food and libations available for your enjoyment!

Please pass this on to your members! We look forward to seeing you there!!

In Rotary Service,
Dave Wampler
LBSR Secretary/President-Elect

Rotary Plates Support Youth Services

Are you ready to show off your Rotary pride on your vehicle?

After seven years of hard work by Rotary District Leaders across the state of Florida, on September 19, 2020, Governor Ron DeSantis signed a long-awaited bill that effectively created a new Florida specialty license plate featuring the Rotary logo.

The new tag will help fund Rotary Youth Programs across all Florida Rotary Districts and it is already available for pre-purchase. Click on the link bar below to buy your tag voucher online or visit your local tag agency in-person to purchase it directly through them throughout this state of Florida.

We need to sell a minimum of 3,000 pre-sale vouchers for production. <http://floridarotarytag.com>
