Toni Boudreaux, 2020
Bruce Jones, 2020

Appointed
Beverly Flanagan
Al Hammack
Jennifer Logue
George McCaughan

A buzzzy meeting last week if you missed us. A few Rotarians that we mentioned: **Ashely Dopf** is now beekeeping! Another awesome Rotarian is **Kathy Fehlig** who hit a hole in one on hole #5 at TPC. Amazing work by

both these ladies! We also heard from **Dr. Christine Ng** who shared with TBRCITW news about skincare. Living in the sunshine state that is very important information for many of us. Thank you! Our speaker last week was Dr. Quint White who spoke to the club about dredging the SJR. A lawsuit

was filed in 2017, claiming the deepening of the channel would impact wetlands and the increase in salinity would harm ecosystems just a few days ago a federal judge has ruled the dredging of the St. Johns River by the Army Corps of Engineers can continue and rejected claims made in a lawsuit filed

by the St. Johns Riverkeeper. Two years into a project deepening the 13-mile shipping channel from the mouth of the SJR River to Jacksonville Port Authority's Blount Island Marine Terminal, the city of Jacksonville was

asked to contribute \$70 million to the project to allow the new class of massive cargo ships to access Jacksonville's port. Deepening the Jacksonville shipping channel to 47 feet will accommodate more cargo aboard.

June 4th Program: We're Zooming!

Join us this Thursday with guest speaker, **Dr. Matthew Corrigan**, Dean, College of Arts and Sciences, Jacksonville University. The topic of his presentation is: Primary & Convention Politics, and Implications due to the Covid Crisis. Dr. Corrigan served as Professor of Political Science and Public Administration at the University of North Florida since 1995 and was Chair of the Department of Political Science and Public Administration from 2007 to 2018. He received his Ph.D. in Political Science from the University of Florida. He is a nationally recognized expert in American and Southern politics and the American presidency, and he has published three books, with a fourth book coming soon, as well as numerous peer-reviewed articles and chapters. With a collaborative philosophy and experience in University management, peer leadership, and new program development, Dr. Corrigan is a strong faculty advocate who values open dialogue between the College and University administration. His classes frequently cover topics that are highly relevant to Northeast Florida, including disaster management, downtown development, and growth of the millennial generation in our community.

Our Mineral City silent auction is now closed!

Thank you to all our bidders and congrats to all our winners!

Vickie Cavey will be in touch with you to get your payment info, and will then

coordinate getting you your items. (For those of you who received gift cards/certificates, they will be mailed to you. Actual items will be delivered to you. *Thanks everyone!*)

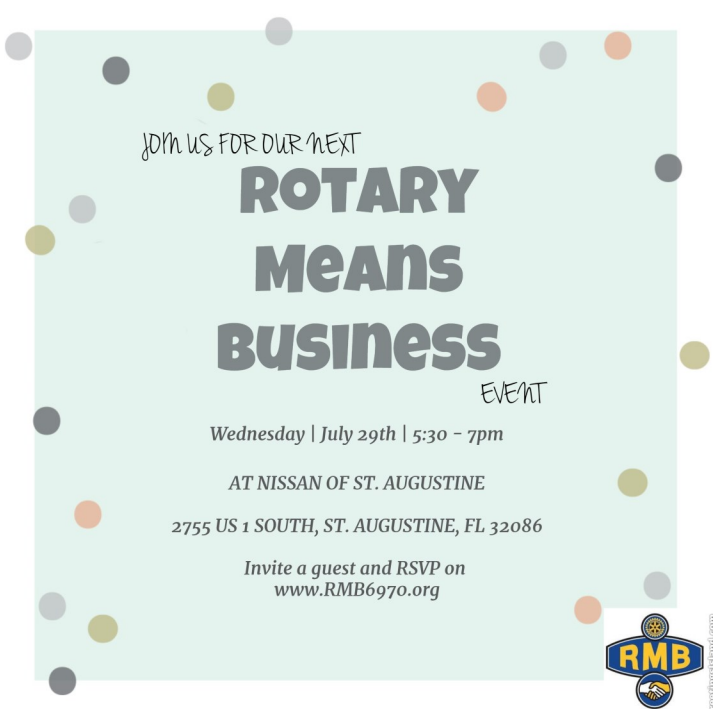

Ecology Day is around the corner! We are so excited to announce our next service project will be held June 13th from 8am-10am.

See you in the parking lot

of Larry's Giant Subs. Thank you to Glenn Barr for coordinating!

1. Invocation, Pledge, Announcements
2. The winners of the Expiration Date Competition!
3. Speaker - Dr. Matt Corrigan, the 2020 Election and Florida's Role
4. The 5 way test
