We were joined by Rotary International Immediate Past President **Mark Maloney** last week if you missed us. His presentation included speaking about how to keep Rotary clubs active and vibrant during the pandemic. Mr. Maloney also spoke about how the effort to eradicate Polio was going among Covid 19. With World Polio Day around the corner it was informative to hear updates regarding tactics and research to put an end to Polio. The graphic included is Rotary dollars in action, broken out to see where the monies are being spent. To think that today, 19 million people who would otherwise be paralyzed by Polio are walking and 1.5 million people who would otherwise have died are alive should make you feel pretty good about being a Rotarian and above all a part of the TBRCITW!
