Get excited for this weekend because Pharr's Follies is this Saturday at home of **Lori and Jay Anderson** from 5-9p. Please note that some guests will need to park on Landrum Rd.

We heard a fantastic presentation last week from Jimmy Patronis, CFO State of Florida-he shared with us a detailed update on the status of the state funding as well as numerous business and general economy and health issues we are facing as Floridians.

Congratulations are in order to the new happy couple...

Dr. Wayne and Lesley Gordon— we wish you all the best!

Mark your calendar for Saturday, November 14th at 7:45am for Ecology Day! We need a great turnout and hope to see you there. You should have received an email with the updated time and can easily sign up here:

<https://www.signupgenius.com/go/8050945aba623a0fa7-november>

The 24th is not only Pharr's Follies but also World Polio Day- the birthday of Jonas Salk, the creator of the first polio vaccine. With just 22 cases in two countries worldwide this year, we are the closest we have ever been to the global eradication of polio. This year our club will jointly celebrate Pharr's Follies and World Polio Day. **Don Blackburn** has generously offered to match Foundation Points for every dollar you donate— so a \$100 donation will earn you 200 points toward your next Paul Harris. To join in the final push to rid the world of this terrible disease, please contact **Bruce Barber** at Brucebar@bellsouth.net or **Rob Stursberg** at Rgstursberg@gmail.com. We arethisclose!

October 22nd: Rosemary Takacs

Next Week: Zoom!
Rosemary Takacs,
Guatemala Water &
Sanitation Project

Rotarian **Rosemary Takacs** and her team will give an update on the status of the international clean water project in conjunction with students from the UNF design and engineering college. To date the Guatemala clean water and sanitation project has gained a notable position among the various channels within the club, the district, a partnering club and the

international projects WASH dashboard. Expect participants from Guatemala (yes, 5:30 AM their time) and others to join. Rotary Clubs of Ponte Vedra Beach, Guatemala Sur, Rotary Districts 6970, 4250, and Rotary International (GlobalGrant) have partnered to improve Water, Sanitation and Hygiene (WASH Rotary Action Group) at 'Education for the Children's' La Esperanza school in Jocotenango, Sacatepequez, Guatemala. The University of North Florida's College of Engineering Senior Capstone students are again providing engineering input, guided by their professional mentors from JEA/Rotaract and Army Corps of Engineers. **ZOOM ONLY!**
