A truly international presentation last week if you missed us! We heard from members of clubs and participants alike from Guatemala, Canada and the University of North Florida right here in Jax.

A phenomenal collaboration of science and skill to make accessible water and resources a reality for so many. Two of the brightest stars of our club, **Rosemary Takacs** and **Sherry Mahoney** provided

details on the water and sanitation projects our club continues to support. Thank you both for providing this update and we look forward to being able to more as TBRCITW! Another remarkable deed in the books for our club... In honor of World Polio Day this past weekend at the annual

Pharr's Follies event this year held at the home of **Lori and Jay Anderson** a check for \$22,000 for the End Polio Now campaign is displayed by Lori and club President **Sam Hall**. A HUGE thank you everyone who donated to help put an end to Polio worldwide. We are this close...Also an even bigger thank you to **Lori** and Jay for graciously hosting this fun event! The pics look awesome and can be found on page two. Again thank you to everyone who donated and participated in WPD 2020.
