Mahanagar,  
West Bengal, India*  
2021- 2022  
*Rotary International  
President*

*Rotary Rote Published Weekly  
by the Rotary Club of PVB*

Are you feeling the love? If you were at our last meeting you were! We showed some love to President **Lori Anderson** for birthday alongside her friend that flew in from California. What a special treat! If you haven't please take a few minutes and take the survey that **Lori** emailed to all of us last week. We need your input and you know the saying... If you don't vote? Well the same goes for taking surveys. Click [here](#) to take it!

The young professionals of Rotaract are seeking PVB Rotary mentors. Please consider

serving as a mentor this year. Your time commitment will be minimal but the impact of sharing your wisdom is significant. Typically, mentors are asked to communicate with their mentee once a month; how and where is up to you. There are currently 12 members of Rotaract still hoping for a mentor, so respond today by email to: [toni.chrabot@yahoo.com](mailto:toni.chrabot@yahoo.com),

with subject line "Mentor." You'll be glad you did! We heard a fantastic presentation last week from Jeff Yalden, Director of Business Operations & Technology for Here Tomorrow. A place to have a conversation about mental health and a safe place to share your thoughts and feelings. Their Recovery Peer Specialists are people who understand and speak the language of the heart, because they have experienced recovery from mental health conditions.

**ROTARY AND ITS  
PARTNERS HAVE  
REDUCED POLIO CASES  
BY 99.9% SINCE 1988.**

**WORLD POLIO DAY**  
IS 24 OCTOBER

For more than 30 years, Rotary and our partners have driven the effort to eradicate polio worldwide. Our PolioPlus program was the first initiative to tackle global polio eradication by vaccinating children on a massive scale. As a core partner in the Global Polio Eradication Initiative, Rotary focuses on advocacy, fundraising, volunteer recruitment, and awareness-

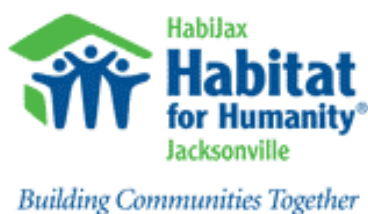

building. Rotary members have contributed more than \$2.2 billion and countless volunteer hours to protect nearly 3 billion children in 122 countries from this paralyzing disease. Rotary's advocacy efforts have played a role in decisions by governments to contribute more than \$10 billion to the effort. Polio Today-When Rotary and its partners formed the GPEI in 1988, there were 350,000 cases of polio in 125 countries every year. Today, we have reduced polio cases by 99.9 percent, and just two countries continue to report cases of wild poliovirus: Afghanistan and Pakistan. Because of the efforts of Rotary and its partners, nearly 19.4 million people who would otherwise have been paralyzed are walking, and more than 1.5 million people are alive who would otherwise have died. The infrastructure we helped build to end polio is also being used to treat and prevent other diseases (including COVID-19) and create lasting impact in other areas of public health.

\*\*\*No meeting this week and the evening event has been canceled. However, we still need your support... we are this close. Donations can be made easily by contacting Jennifer Logue [jen.log@icloud.com](mailto:jen.log@icloud.com) to donate to WORLD POLIO DAY.

Around the world, people who support the fight to end polio take pride in Rotary's End Polio Now logo. It shows that we are part of a monumental effort to eliminate a human disease for only the second time in history. This logo marks the polio vaccine coolers used on National Immunization Days. It's printed on clothing and has been projected onto iconic buildings. It was even taken to the heights of Mount Kilimanjaro as a flag.

**Will and Sam** did you see it?

**Sign up Today!**

[www.signupgenius.com/](http://www.signupgenius.com/)

To those who have signed up for Cocktails and Croquet this Saturday-the fun start at 2:15pm at: Ponte Vedra Croquet Club 100 Mosquito Control Road PVB. BYOB (some wine provided for those
