

Rotary Opens Opportunities

President's Message

By Raymond F. Joseph

What a great meeting we had to start off the new year! Thank you to PE Cathy Hagan for that great presentation regarding your work with small businesses in our community. For all you small business owners, you can get consulting and assistance for your business through Florida Small Business Development Center at UNF. Cathy is putting together her Board and Chairs for 2021/2022, please help and join in. It is one of the greatest moments of your life to be a leader of a great organization and a great club, Jacksonville Oceanside! Also, it was such an awesome experience to have the Ponte Vedra Club participate in our Zoom meeting. As Oceanside Rotarians, we need to reach out to other Rotarians and hear their stories. Ponte Vedra you are always welcome back!

The Rotary International theme for January: Vocational Service. Vocational Service calls every Rotarian to: "Aspire to high ethical standards in their occupation; Recognize the worthiness of all useful occupations, and Contribute their vocational talents to the problems and needs of society." As a Club, we have always been a great supporter of Vocational Service- for example, we recruit through different classifications: the Putt N' Frog FUNdraiser we identified businesses and created a stronger emphasis on networking with integrity. In your own business or life, emphasize the connection between the Five Way Test and values of Rotary. It will open opportunities into your life. Isn't it great to be a Rotarian, especially with the greatest club in the world!

News from the District - Here is a new benefit for your members who have had their careers disrupted: Check out <http://www.rotary.works/> (paste and copy onto your search bar on the internet). Rotary Works is an initiative provided for Rotarians and Rotaractors within Zones 33 & 34 experiencing career transition. This initiative is comprised of three distinct programs: providing education, networking, and/or financial resources for participants, providing mentorship opportunities for personal and professional development.

From the Editor's Desk

Oceanside Rotarians continue to show up to support each other and enjoy fellowship heading into our new year. What better way to officially see 2020 off than a formal "service" to bury that unique year while raising money for one of our favorite local nonprofits, Deck the Chairs. Thank you, Guzman, for hosting this fun event!

President-Elect Message

By Cathy Hagan

Thank you all so much for listening to me as the speaker at our meeting yesterday. And if you own a business, or direct a non-profit, or know others that do, by all means refer them to me as a resource, or send them to www.sbdc.unf.edu

On another note, as promised, and as President-Elect, I would love to hear from members about your interest in joining the board or committees in the coming 2021/2022 Rotary year starting July 1. I know it seems like a long time before this kicks in, but trust me, it's not! Think about why you joined Rotary and where you can join in to lead the club in service, membership, and FUN (that's for Raymond).

I am happy to answer any questions and would love to get your response in the next week or two as we prepare to develop our plan for the coming year.

Oceanside Rotary Weekly Meetings

We will start the year continuing to have our hybrid meetings at Jax Golf until further notice. For all live meetings going forward, we do want to make sure we are following current CDC Guidelines for gatherings:

Maintain as much distance as possible between yourself and other individuals, and use masks if they do not interfere with your activity. If you need to be indoors, open windows to increase airflow throughout the space. Use social distancing and limit physical contact.

Maintain at least 6 feet of separation as much as possible in areas that may lead to close contact (within 6 feet) among other people and routes of entry and exit.

Don't shake hands, give high-fives, do elbow bumps, or touch others because close contact increases the risk of acquiring COVID-19.
