Cathy's Perspective - Serve to Change Lives

By Cathryn A. Hagan

Sunday, November 14, 2021

So, you have probably heard Kelly is moving to Kansas! I'm a bit overwhelmed as Rotary President, and as a friend. Kelly joined our club at the end of 2018 and as far as I can remember, served as our Treasurer. And as President, I could not have survived without her. But more importantly, everything she has done is ensure that our club can indeed survive all things we need to serve our mission. Serve to Change Lives. And while many of us are very thankful for the financial management of our club, to our charity financials, to that crazy NeedsConnect, and more we also know the many things she joined all of us in the service and fun. One of my fondest memories is working with Kelly at BEAM to sort through all the food donated for our Beaches clients in need. She has been there on a regular basis each week and graciously provided me direction when I joined her. Kelly's service has made a difference. Excited for her new adventure. Her last meeting will be this Tuesday. Be sure to give her a hug!

Activities coming up quickly Salvation Army's bell ringing and Angel Tree at the top of the list. Josh Dixon will be looking for the final ask at the meeting on Tuesday. And did I mention CORNHOLE schedule for 2/12? Need everyone to participate one way or the other to RAISE MONEY to share with the charitable organizations we want to support through our club.

Be prepared for an invite to help with success of CORNHOLE for a CAUSE (Saturday, 2/12 at ABBO) to include recruiting sponsors, buying/selling tickets (for spectators and raffles), donating raffle prizes, and of course, being there to help and have fun. This will be a major topic for our next Club Assembly at Tuesday's meeting on November 30th.

Foundation month continues in November. A reminder about the Paul Harris Fellowship. You are rewarding this honor by contributing \$1,000. Every member contributes \$100 a year. So, let's say you have been around for five year so you have contributed \$500 to the Paul Harris Fellow. So, you need \$500 more to
