Last Week's Meeting:

We heard from Joe Sullivan, CEO with The Boys & Girls Club and Stephanie Ecklin, Director.

Goodness, who knew all the good they do? It seems that the boys are falling through the cracks, they do their best and start off every year with \$0 and rebuild every year - .97 of every \$1 donated goes into helping the kids! This was an eye opening experience, if you did not hear them, you really missed out!

What an incredible experience this weekend:

There were over 200 Rotarians at our 3Keys2Success Seminar, sharing ideas about:

- How to strengthen our clubs' Membership;
- How to increase our Service impact with our #1 rated Foundation; and
- How to communicate our impact through Public Image.

We also recognized outstanding clubs....

Of the fastest growing clubs last year, 12 have been growing for THREE years...OR MORE. Go visit these clubs. Steal their ideas—it's the highest form of flattery you can give a club.

Here they are:

- Amelia, Arlington, Baker, Daytona West, Downtown Deland, Flagler Beach, Flagler County, Fleming, Keystone, North Jax, and Ponte Vedra Beach.

And here are the winners last year:

- Flagler County was #1 for big clubs, at 13% growth.
- Baker County was #1 for small clubs, at 55%.

CONGRATULATIONS!

And remember: Stealing good ideas in Rotary is Flattery, not Felony.
Have a great week!

Last Week's Meeting Cont'd:

Jerry Cameron, fellow Rotarian and Flagler County Administrator gave his classification talk to us. Jerry has spent half of his employed life in the private sector and half in the public sector. He has always been in Management or in Executive Positions. He has spent the last 10 years as Assistant County Administrator with St. Johns County, a rapidly developing area and had spent a number of years as Police Chief in a couple of Jurisdictions. Jerry said the most interesting thing of what he does now is that most do not know what he does, He is the Executive Branch of Government and executes public policy. He and his staff do the research and give the Policy Makers the most unbiased information possible, if they fail to give good information then the Policy Makers will make bad decisions. His job is to execute the decisions they make as long as not immoral or illegal. In government sometimes they sacrifice efficiency for bureaucracy. He says that his job is to get the most bang for the buck and has a fiduciary relationship with the taxpayers. They try to be very transparent and get the best outcomes for taxpayers. His management team he put together plan to serve into the future! They are developing a Leadership Academy that will be starting next month! He has a wife that he met in Grenada when he was opening a Watersports Resort, he taught her how to Scuba Dive and she taught him how to spend money!

Thank you to many that participated in the Back to School event, Andy Dance and his son, Jordan Butler, Mike Kuypers, Regina Nunnally, Jim Callender....all the items for the kids was FREE! Thank you to Staples! Congratulations to Pastor J for another successful event next year (7th) will be even bigger and better!

IPDG/PP Jeanette Loftus tried her had at putting and it went in and stayed!!!

The pot builds again next week!
