Welcome Joe Eberly

Joe grew up in Northeast Ohio but has been in Florida most of his adult life. He obtained his BS degree from Ashland University and attended the University of Michigan for graduate studies. Recently retired, Joe spent the majority of his business career as the senior human resources officer for a Fortune 100 company. He is now a full time volunteer, mostly at his home church, Riverside Presbyterian in Jacksonville. His most enjoyable volunteer activity is teaching stained glass/mosaics in the church's stained glass studio. An avid golfer and hiker, Joe has hiked the Camino de Santiago, in

Spain.
twice.

Family of Rotary

The Other Sydney

PP Robert Harris and family vacationing in Sydney, Nova Scotia, Canada

Sydney is a harbour town on Cape Breton Island, in Nova Scotia, Canada. By the water, the Big Fiddle is a huge violin statue honouring local music. Wooden 18th-century buildings include the Cossitt and Jost houses, now museums with period furniture. St. Patrick's Church Museum showcases local history in an 1828 church. East, at Glace Bay, the Cape Breton Miners' Museum explores the area's coal-mining heritage.

Prince Edward Island: The central area was filled with folks all taking care of their love ones in wheelchairs everywhere. It appears Rotary is, with many other non profits, even in Canada stepping up and caring.

This week in History

July 16th, 1995 Amazon.com Sells its First Book

The e-commerce website was first founded in 1995 by Jeff Bezos as an online bookstore. Bezos selected the name Amazon by looking through the dictionary; he settled on "Amazon" because it was a place that was "exotic and different", just as he had envisioned for his Internet enterprise. The Amazon River, he noted, was the biggest river in the world, and he planned to make his store the biggest bookstore in the world. Additionally, a name that began with "A" was preferred because it would probably be at the top of an alphabetized list. The first book sold by the Internet giant was Fluid Concepts and Creative Analogies: Computer Models of the Fundamental Mechanisms of Thought by Douglas Hofstadter.

The Rotary Theme this Rotary year is "*Rotary Connects the World*". In support of our theme, don't forget our July project: "Thanking Our US Active Military". We will continue taking small sized toiletries (shampoo, soap, etc) and/or snack items (individually packaged) to the meeting. These items will be collected and given to the Daughter's of the American Revolution to be sent to our active military serving overseas. Thank you in advance for supporting this month's project!!
