Welcome Crystal Broughan

November is Rotary Foundation Month

Our Foundation Giving Chair, Crystal Broughan will discuss The Rotary Foundation and opportunities to transform the world!

The Rotary Foundation transforms your gifts into service projects that change lives both close to home and around the world. Since it was founded more than 100 years ago, the Foundation has spent more than \$4 billion on life-changing, sustainable projects. With your help, we can make lives better in our community and around the world.

The mission of The Rotary Foundation of Rotary International is to enable Rotarians to advance world understanding, goodwill, and peace through the improvement of health, the support of education, and the alleviation of poverty.

As the charitable arm of Rotary International, the Foundation leverages a global network of Rotarians who invest their time, money, and expertise into our priorities, such as eradicating polio and promoting peace. Foundation grants empower Rotarians to approach challenges such as poverty, illiteracy, and malnutrition with sustainable solutions that leave a lasting impact.

SIX AREAS OF FOCUS:

- ◆ Promoting peace
- ◆ Fighting disease
- ◆ Providing clean water
- ◆ Saving mothers and children
- ◆ Supporting education
- ◆ Growing local economies

WHAT IMPACT CAN ONE DONATION HAVE?

- ◆ For as little as 60 cents, a child can be protected from polio.
- ◆ \$50 can provide clean water to help fight waterborne illness.
- ◆ \$500 can launch an antibullying campaign and create a safe environment for children.

Foundation Committee Charge: This committee will encourage all club members to be sustaining members, Paul Harris Fellows and other level contributors to the Rotary Foundation. The committee will educate members on the various Rotary Foundation funds to include the Annual Fund, Polio Fund and Endowment Fund.

Friday, October 30, 2020

Join us for a Service Project Rally at San Jose Country Club on Thursday, Nov 12, 5:30 pm We will be hosting a Service Project Rally on Thursday evening, Nov 12 at 5:30 pm, San Jose Country Club.

Members will break into smaller groups, "socially distanced", and discuss past and future projects they would like to see the Club repeat or add to our list. Then each group will "pitch" their favorite(s) to the audience and we will get them scheduled for the balance of our Rotary year!

In order to accomplish this we need everyone's participation! Please be sure to RSVP for this event on the DACdb calendar.

Beer/Wine and hors d'oeuvres will be served. Cash bar will also be available.

Membership Minute

HONORARY MEMBERSHIP STATUS

"Honorary" is one of the two types of membership a person may have in a Rotary club. This type of membership is the highest distinction a Rotary club can confer and is exercised only in exceptional cases to recognize an individual for unusual service and contributions to Rotary and society. Honorary members cannot propose new members to the club, do not hold office and are exempt from attendance requirements and club dues.

Many distinguished heads of state, explorers, authors, musicians, astronauts and other public personalities have been honorary members of Rotary clubs, including King Gustaf of Sweden, King George VI of England, King Badouin of Belgium, King Hassan III of Morocco, Sir Winston Churchill, humanitarian Albert Schweitzer, Charles Lindbergh, composer Jean Sibelius, explorer Sir Edmund Hillary, Thor Heyerdahl, Thomas Edison, Walt Disney, Bob Hope, Dr. Albert Sabin, British Prime Minister Margaret Thatcher and many of the presidents of the United States. Truly, those selected for honorary membership are those who have done much to further the ideals of Rotary.

This Week in History

Sesame Street Debuts

On November 10, 1969, **Sesame Street**, a pioneering TV show that would teach generations of young children the alphabet and how to count, makes its broadcast debut. **Sesame Street**, with its memorable theme song (**Can you tell me how to get/How to get to Sesame Street**), went on to become the most widely viewed children's program in the world. It has aired in more than 120 countries.

The show was the brainchild of Joan Ganz Cooney, a former documentary producer for public television. Cooney's goal was to create programming for preschoolers that was both entertaining and educational. She also wanted to use TV as a way to help underprivileged 3- to 5- year-olds prepare for kindergarten. Sesame Street was set in a fictional New York neighborhood and included ethnically diverse characters and positive social messages.

Taking a cue from Rowan and Martin's Laugh-In, a popular 1960s variety show, Sesame Street was built around short, often funny segments featuring puppets, animation and live actors. This format was hugely successful, although over the years some critics have blamed the show and its use of brief segments for shrinking children's attention spans.

From the show's inception, one of its most-loved aspects has been a family of puppets known as Muppets. Joan Ganz Cooney hired puppeteer Jim Henson (1936-1990) to create a cast of characters that became Sesame Street institutions, including Bert and Ernie, Cookie Monster, Oscar the Grouch, Grover and Big Bird.

The subjects tackled by Sesame Street have evolved with the times. In 2002, the South African version of the program, Takalani Sesame, introduced a 5-year-old Muppet character named Kami who is HIV-positive, in order to help children living with the stigma of a disease that has reached epidemic proportions. In 2006, a new Muppet, Abby Cadabby, made her debut and was positioned as the show's first female star character, in an effort to encourage diversity and provide a strong role model for girls. In May 2019, a muppet character whose mother is battling addiction was introduced, acquainting kids with the opioid crisis.

Einstein Speaks!

Albert Einstein was a theoretical physicist widely regarded as one of the most influential scientists of all time. Below are some of his inspirational quotes to kick start your week!

- ◆ ◆ Insanity: doing the same thing over and over again and expecting different results. ◆
- ◆ ◆ Any man who reads too much and uses his own brain too little falls into lazy habits of thinking. ◆
- ◆ ◆ A person who never made a mistake never tried anything new. ◆
- ◆ ◆ Weakness of attitude becomes weakness of character. ◆
- ◆ ◆ Learn from yesterday, live for today, hope for tomorrow. The important thing is not to stop questioning. ◆
- ◆ ◆ The important thing is not to stop questioning. Curiosity has its own reason for existing. ◆
- ◆ ◆ If you want to live a happy life, tie it to a goal, not to people or objects. ◆
- ◆ ◆ Never give up on what you really want to do. The person with big dreams is more powerful than the one with all the facts. ◆
- ◆ ◆ Try not to become a man of success, but rather try to become a man of value. ◆
- ◆ ◆ If you can't explain it simply, you don't understand it well enough. ◆
