Welcome Peggy Fuller, DMV

By Mike Shewey on Friday, November 5, 2021

Mandarin Equine Veterinary Service is an ambulatory practice with a focus on performance horses. They offer digital radiography, ultrasound, endoscopy, shockwave therapy, acupuncture, in-house blood work, liquid nitrogen storage, regenerative medicine and temporary lay-ups. From general health and wellness to lameness and reproduction, they can provide the best possible care for your horse.

Peggy grew up riding on a daily basis, competing in local hunter /jumper events and worked as a groom at a major show barn in Jacksonville, Florida to afford her riding habit! She attended Florida State University for her under graduate work and the University of Florida for Veterinary school. After graduating in 1986, she worked as an associate in a mixed animal practice in Macon, Georgia for 4 ♦ years before moving ♦ home ♦. Mandarin Equine Veterinary Service was founded in 1991. Although her

primary interest out of school was in reproduction, she has concentrated her efforts and has spent a majority of her time over the last 28 years on soundness evaluations, lameness diagnostics and therapeutic treatments. She serves as an adjunct professor for the University of Florida, teaching junior and senior veterinary students through a practice based equine clerkship. She is a member of the AVMA, AAEP and the FAEP. She is active on the Northeast Florida Equestrian Society serving as a board member for the Jacksonville Equestrian Center. To further expand her diagnostic and treatment skills She attended the Chi Institute for Acupuncture in 1999. She lives on a small farm with her husband of 28 years, 3 horses, 4 dogs, several cats and her son when he is home from college. She feels honored to be a part of this profession and meets every day with enthusiasm!

Foundation Month

NOVEMBER IS FOUNDATION MONTH

The Rotary Foundation transforms your gifts into projects that change lives both close to home and around the world. As the charitable arm of Rotary International, we tap into a global network of Rotarians who invest their time, money, and expertise into our priorities, such as eradicating polio and promoting peace. Foundation grants empower Rotarians to approach challenges such as poverty, illiteracy, and malnutrition with sustainable solutions that leave a lasting impact.

Strong financial oversight, a stellar charity rating, and a unique funding model mean that we make the very most of your contribution. Give and become a part of Rotary♦s life-changing work!

The collective leadership and expertise of our 1.2 million members helps us tackle some of the world♦s biggest challenges, locally and globally. We are united by common values and vision for the future as we sharpen our focus with targeted specific causes that will reach communities most in need.

GUIDING PRINCIPLES - For more than 100 years, our guiding principles have been the foundation upon which our values and tradition stand. The Four-Way Test, Object of Rotary, and the Avenues of Service express our commitment to service, fellowship, diversity, integrity, and leadership.

AREAS OF FOCUS - We direct our efforts in six areas to enhance our local and global impact. Our most successful and sustainable projects and activities tend to fall within the following areas:

- ◆ Promoting peace ◆ Fighting disease ◆ Providing clean water ◆
- ◆ Saving mothers and children ◆ Supporting education ◆ Growing local economies ◆

HISTORY OF THE ROTARY FOUNDATION - At the 1917 convention, outgoing RI President Arch C. Klumph proposed to set up an endowment ◆for the purpose of doing good in the world.◆ In 1928, it was renamed The Rotary Foundation, and it became a distinct entity within Rotary International.

GROWTH OF THE FOUNDATION - In 1929, the Foundation made its first gift of \$500 to the International Society for Crippled Children. The organization, created by Rotarian Edgar F. ◆Daddy◆ Allen, later grew into Easter Seals.

When Rotary founder Paul Harris died in 1947, contributions began pouring in to Rotary International, and the Paul Harris Memorial Fund was created to build the Foundation.

EVOLUTION OF FOUNDATION PROGRAMS

1947: The Foundation established its first program, Fellowships for Advance Study, later known as Ambassadorial Scholarships.

1965-66: Three programs were launched: Group Study Exchange, Awards for Technical Training, and Grants for Activities in Keeping with the Objective of The Rotary Foundation, which was later called Matching Grants.

1978: Rotary introduced the Health, Hunger and Humanity (3-H) Grants. The first 3-H Grant funded a project to immunize 6 million Philippine children against polio.

1985: The PolioPlus program was launched to eradicate polio worldwide.

1987-88: The first peace forums were held, leading to Rotary Peace Fellowships.

2013: New district, global, and packaged grants enable Rotarians around the world to respond to the world's greatest needs.

Since the first donation of \$26.50 in 1917, the Foundation has received contributions totaling more than \$1 billion.

DONATE TODAY!

Fifty/Fifty Raffle

50/50 Raffle Card game is back! One lucky winner will be selected each week for their chance at 50% of the cash pot. To win, you must draw the Ace of Spades. If there is no winner, the pot grows, and the deck of cards shrinks improving your odds of winning at the next drawing.

- 1 Tickets - \$1
- 3 Tickets - \$2
- 10 Tickets - \$5

50% of the proceeds will go towards this year's **District Grant project: Daniel Kids Creekside-Cedarwood Cottage Project.** The purpose is to support the renovation of Creekside-Cedarwood Cottage, future home of a residential treatment program serving children with mental health issues co-existing with mild-to-moderate intellectual differences. A new service for the Jacksonville area. Our contribution will be \$6,000 that will go towards purchasing furnishings and pediatric therapy equipment.

Gingerbread Setup

Gingerbread Setup is scheduled for November 17th.

We set up tables, walls, trees and string extension cords. It only takes about 2 hours, or less. This is a big fundraiser for the Jacksonville Historical Society.

Jacksonville Regional: January 31, 2022

Final Competition Date: February 17, 2022

This Week in History

By Mike Shewey on Friday, November 5, 2021

The Great Northeast Blackout

At dusk, the biggest power failure in U.S. history occurs as all of New York state, portions of seven neighboring states, and parts of eastern Canada are plunged into darkness. The Great Northeast Blackout began at the height of rush hour, delaying millions of commuters, trapping 800,000 people in New York's subways, and stranding thousands more in office buildings, elevators, and trains. Ten thousand National Guardsmen and 5,000 off-duty policemen were called into service.

The blackout was caused by the tripping of a 230-kilovolt transmission line near Ontario, Canada, at 5:16 p.m., which caused several other heavily loaded lines also to fail. This precipitated a surge of power that overwhelmed the transmission lines in western New York, causing a cascading tripping of additional lines, resulting in the eventual breakup of the entire Northeastern transmission network. All together, 30 million people in eight U.S. states and the Canadian provinces of Ontario and Quebec were affected by the blackout. During the night, power was gradually restored to the blacked-out areas, and by morning power had been restored throughout the Northeast.
