## Special Club Assembly - Save The Date

Dear Rotary Family,

It is with great pride and excitement I would like to announce a ♦members only assembly♦ at our September 21<sup>st</sup> scheduled meeting.

Instead of a guest speaker, you will be dazzled by the likes of PE Charlie Cofer, myself, PP Gary Wilkinson and PP & PDG Mike Darragh on the growth of our club and how we all reap the rewards of our service as members. Please note that while we understand and respect individual health concerns, I would like to encourage everyone to participate in person for this membership assembly if at all possible.

PE Charlie will start us off with a bit of club history and our agenda. I will share our goals as a club. PP & PDG Mike is going to tell us all how we can accomplish our goals. PP Gary will share our process for bringing new members into the club and PE Charlie will bring it all together. We will have time for questions and discussions.

Again, this will be a ♦members only♦ meeting. Please do not invite any guests to attend on September 21<sup>st</sup>. I look forward to sharing our club goals with you.

President Richard

## Rotary - Areas Of Focus...

### ROTARY - AREAS OF FOCUS

Rotary is dedicated to causes that build international relationships, improve lives, and create a better world to support our peace efforts and end polio forever. One of those causes is "Fighting Disease".

We believe good health care is everyone's right. Yet 400 million people in the world can't afford or don't have access to basic health care.

Disease results in misery, pain, and poverty for millions of people worldwide. That's why treating and preventing disease is so important to us. We lead efforts both large and small. We set up temporary clinics, blood donation centers, and training facilities in underserved communities struggling with outbreaks and health care access. We design and build infrastructure that allows doctors, patients, and governments to work together.

Our members combat diseases like malaria, HIV/AIDS, Alzheimer's, multiple sclerosis, diabetes, and polio. Prevention is important, which is why we also focus on health education and bringing people routine hearing, vision, and dental care.

### HOW ROTARY MAKES HELP HAPPEN

We educate and equip communities to stop the spread of life-threatening diseases. Rotary members have hundreds of health projects underway around the world at any given time.
