OCEWP Meeting Events 10292020

Last week was a busy one for your note taker and I missed most of the meeting. Happy/Sad, and events went by quickly as we handled the welcome desk and the Angel Tree. Both worked out well, we had 30 folks in attendance and 15 or so on the Zoom.

President Lynne opened the meeting and PE Bob Munn gave invocation and pledge

All of the Angels were adopted by our members. Once again you do the Club proud in helping the less fortunate in the upcoming Holiday season. Rising Rotarians rise to the challenge again.

The report on the Tip Off progress was also positive, member support in contributions and advertising sales are on track. Three weeks remain for advertising sales for the program (ads are due November 19 so the printer may build up the book) and just over four weeks remain till the start of the Tip Off.

The 50/50 pot was \$33.50 to the winner.

PP Ed O'Brien gave a classification talk which included an illuminating talk on the field of horology and the repair of clocks and watches. Ed pointed out the importance and impact of measuring time in the smallest of increments which is vital to so much of what we do from manufacture to traveling the cosmos. Ed's talk transcript is posted on our web page under Documents at rotaryocewp.org. It is a quick but very interesting read. PP Ed is a treasure for the Club!

As we approach the challenge of the Tip Off and the beginning of the Holiday Season in the most challenging of times, let us remember that we are not alone, the Rotary Club of Orange County East Winter Park is a key part of our social structure. Helping other less fortunate has added emphasis in these times. Together we make a critical difference in our community and we should take pride in that and strength in the knowledge that our collective effort is more than a match for the task.
