Program Specialist,
Barber National Institute

My name is Cammy McGee and I have been employed as a professional working with adults and children with intellectual and physical disabilities for the past 28 years at the Barber National Institute. For the past four years, I have been employed in the Barber National Institute's Supported Employment Program as a Program Specialist. In addition to this role, I have provided services in our residential setting, Pre-vocational sheltered workshop setting, Small Group Employment program, Clinical Services as a Therapeutic Support Staff, and as a provider to support families and clients in our Agency With Choice program providing overnight respite care and In-Home and Community Services. I am a Certified Employment Support Professional and an ODP Certified Investigator. I have had a lot of enjoyment and pleasure throughout my career at the Barber National Institute supporting persons to achieve their highest level of independence and achieving their dream of community employment.

Rotary in Review, June 16th

Thanks to Attendees learned much about mentoring opportunities offered by Northstar Mentoring with Bethesda Lutheran Services on June 16 . They pick up where Little Brothers/Little Sisters leave off by supporting young people aged 18-24. Members had many questions about the outcomes of the program and what kind of support mentees typically offer. Program Chair Maureen Rizzo offered the introduction.

June 9th Meeting Recap!

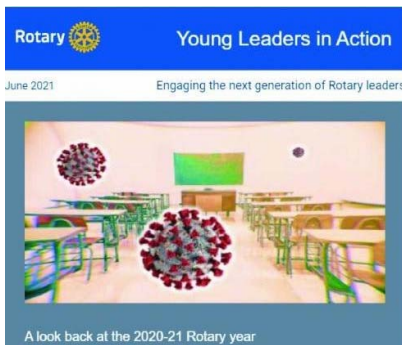

Attendees enjoyed the June 9 talk by Dr. Heather Kenney about her creative videos now available via PBS. Dr. Kenny's work encourages literacy by focusing on the individual sounds of letters in each word, resulting in some ridiculous outcomes when the letter T is snatched from TRAIN and everyone is sitting wet on the tracks...

We enjoyed the warm introduction by her proud father, Dr. Bob Allshouse and meeting her mother, Mrs. Marsha Allshouse and her husband, Mr. Paul Kenny.
