Guests: None

Happy Bucs:

- Kim is happy and thankful that both her parents are on the mend from having COVID for the last 16 days.
- Mike Patsy is happy that his dad for the first time was able to visit his dad's mom who is 102 years old. This was the first time that they could visit since COVID started this past spring.

News:

- *Speakers:* Please let Ron or Teresa know if you have something that can come speak to the Club.
- *Financial Update:* Shawn did a great job inputting the financial data starting July 1 into DACdb. As such, we can now start running reports with this information. Ron is asking that at the start of each year, the committees to look at the programs that were put on so that we can update the information and keep it as accurate as possible (revenue and expenses).
- *Service Committee:* Mike O. will be sending out a link for an upcoming service meeting on February 3 to discuss ideas for the Spring. Ideas include the food drive, writing to seniors, and cooking for families in the community.
- *Dictionary Program:* No time has been set yet regarding inscribing the dictionaries with the students's names.
- *Spring Food Drive:* No date has been set at this time. Jerry is able to help with this service project. Kim will reach out to Linda to determine what date(s) work best. Jack would love to help to publicize this event more so that we can raise more donations.
- *Golf Outing:* Mark Segar is going to put a group together to start organizing this fundraiser. Even if you are a non-golfer, please help out! Different perspectives are always useful. Mark would like to raise over \$10,000 with this fundraiser. Vic and Carl are ready to help with this fundraiser!
- *Vaccination Distribution:* Jack suggested the Club's involvement in vaccination distribution so that we can continue to help the community.
- *Scholarships:* The committee met this week and drafted new questions that are more geared towards Rotary. This will help students learn more about what we are about and relate it to themselves. Additionally, the committee would like to expand the Schreiber award's applicants to all students in the Cranberry area versus limiting it solely to Seneca Valley. Finally, the committee would like to expand the BC3 scholarship to include vocational school students as well. Shout out to Erica for coming up with the new questions!
- *Rotary Works:* This is a great program for Rotarians who are looking to change careers. A lot of folks have been laid off as a result of COVID-19. It is time to turn our efforts inward and help other Rotarians.
- *Living in Liberty:* Elizabeth reached out to Kim to see if we were still interested in helping renovate the bathroom at the house.

Fun Facts:

- 350 slices of pizza are eaten every second in the United States. *Mamma Mia!*
- Dogs's sense of smell is about 100,000 times stronger than humans's. However, they have only one-sixth of our number of taste buds. *I bet all that pizza tastes awesome to dogs!*
