## Prince George Community Emergency Response Team Presentation

By Carol Dois Woodward on Monday, August 19, 2019

Donald Hunter, Steve Woith, and Mary Ford shared information about the county's Community Emergency Response Team and invited members to register for the Disaster Preparedness Day at the Prince George High School, as well as consider enrolling in the 8 week CERT Training Class on September 14. CERT members assist county officials and 1st Responders in emergency event response and major county public events. Members received training in First Aid, triage, hazardous events, fire suppression, search & rescue, damage assessment, and other topics.

Donald is a Charter member of the Club and is the Deputy Emergency Management Director for Prince George. He has an extensive background in law enforcement and for many years was the Sheriff of Prince George County.

Steve Woith is a past president of the club, shared that the CERT training was valuable for him in knowing how to be of the most assistance to others in emergency situations. Steve has taken a leave of absence from CERT as he is the caretaker for his mother-in-law. However, Steve is the usually the first in his neighborhood to check on neighbors during power outages and after storm events. You can take the boy out of CERT, but you can't take CERT out of the boy.

Mary Ford, is a former Rotarian, and will be joining our club this week. Originally from the Midwest, she is retired from the United States Postal Service. Mary related some of her experiences as a CERT member in Illinois assisting in many disaster situations including tornadoes and flooding.
