Patriotism Through Community Partnerships

By Cynthia Walker Mitchell on Sunday, November 15, 2020

Veteran's Day with the Prince George Rotarians began with the Girl Scouts presenting the colors and ended with service of a patriot, Kevin Strosnider! Kevin Strosnider, of Strosnider Chevrolet, a local automobile dealership with over 70 years of service to the surrounding community, visited with and was the speaker to the Prince George Rotarians who met in person and virtually on Veteran's Day. Anna Kroyer, Marketing Director of The James House and a member of the club's Public Image Committee, secured not only our speaker Kevin, but also the Girl Scouts to present the Flag Ceremony on the occasion of Veteran's Day.

Emergency Incubator Global Grant - Great way to support The Rotary Foundation

By Carol Dois Woodward on Tuesday, November 10, 2020

Sue Carter (Farmville Rotary) is the author of this global grant. She went on the last project trip to Ghana with Shel and learned about Shel's gift of a emergency incubator to the Sunyani Central Hospital. You may remember that Sue is also the District Membership Chair and spoke to our club by Zoom during the summer.

If you haven't yet made a donation to The Rotary Foundation, please consider making a donation to this global grant. If you have questions or need assistance in making your donation you can contact Sue or our own Jan Rowely, our Club Rotary Foundation Chair. The Rotary Club of Farmville, The Rotary Club of Sunyani Central, Ghana, Warmilu Inc., Rotary District 7600, and many clubs and individuals have received approval of Rotary Global Grant, GG2096430. This \$74,000 grant will provide 50 field incubators and delivery equipment to the Sunyani Municipal Hospital in Ghana which will provide warmth to babies at 17 area hospitals and clinical sites.

Past Assistant Governor Sue Carter of the Farmville Rotary Club has been the spark and champion for this grant. She first observed the provision of these incubators while on a Health, Education, Water and Hygiene project in Ghana in 2019. Past Assistant Governor Shel Douglas had obtained a grant to provide a small number of the incubators to the main area hospital in Sunyani. The effort went straight to Sue's heart because of its elemental simplicity and the absolute need for the ability to warm newborn babies and toddlers in distress. These incubators are like a mitten type snow suit with gel inserts to provide the warmth for the youngsters. The gel backs can be heated in a number of ways, even when there is no electricity, and can provide warmth for hours. Many clubs have made pledges to support this grant and as soon as all pledged money has been received The Rotary Foundation will release the check for the project.

Would you and/or your club lie to support this special project?

1) You can go into myrotary.org and donate online using the GG2096430 grant number on the donate link and pay with credit / debit card. The grant is credited with the donation almost immediately.

2) To send a check, download a donor form to accompany the check and remember to reference GG2096430. The grant will be credited when the Foundation receives the check.
