WHY OUR LOGO IS A WHEEL

A wheel has been the symbol of Rotary since our earliest days. The first design was made by Chicago Rotarian Montague Bear, an engraver who drew a simple wagon wheel, with a few lines to show dust and motion.

The wheel was said to illustrate "Civilization and Movement." Most of the early clubs had some form of wagon wheel on their publications and letterheads. Finally, in 1922, it was decided that all Rotary clubs should adopt a single design as the exclusive emblem of Rotarians.

Thus, in 1923, the present gear wheel, with 24 cogs and six spokes was adopted by the "Rotary International Association." A group of engineers advised that the geared wheel was mechanically unsound and would not work without a "keyway" in the center of the gear to attach it to a power shaft.

So, in 1923 the keyway was added and the design which we now know was formally adopted as the official Rotary International emblem.

Monte Carlo on Front Burner

Chair Nick is rolling with plans for Monte Carlo Night! Set for April 12, the event will raise funds for ASK Childhood Cancer Foundation. The back page today is the donor sheet, which Nick will review at the meeting this week. Note: table sponsors. A donor can sponsor one of the Black Jack tables this year!

Let's get to work to make this

Jim welcomed Danielle Fitz-Hugh last week when she was guest speaker. Exec of the County Chamber, she talked about the Chamber's work, especially with students.

Linda Shared The Traveling Rotarian with Al Capone on a bench in sunny Hot Springs, AR, last weekend. He looks pretty interested!

event bigger, better and more fun than ever for a very worthy cause.
