An Update on the Super Bowl Pool

(Or how to get an easy \$500 For the Club's Foundation)

After a few members bought squares last week, we have 35 taken, leaving 65 squares still available. Pool squares are \$10 each.

This weekend, the road to the Super Bowl continues with four games. The winners of these games will play the following weekend and then on February 3rd, the best two teams will play in the Super Bowl.

Time is getting short. We need members to sell/buy the remaining 65 squares by January 23rd.

Gordon is back from his winter hiatus to Massachusetts and Beverly made it to a meeting, too. Gordon shared his northern club's fun project of collecting \$25 to put pink flamingos in someone's yard in the dark of night. The "Flocking" grows as it costs the innocent homeowner \$25 to pass along the fun!

A Project in Bulgaria

Rotary Clubs around the world received a letter this week from Lyubomir Grigorov, president of a club in Bulgaria. Accompanied by pictures and with a logo "Life is Born in Petrich," the letter said:

"I hereby enclose a short presentation of our latest project, "Life is Born in Petrich," which is of utmost significance for our local community.

"The project is directed to handling one of the most pressing needs of our community-the lack of conditions for adequate medical care for mothers and their newborns in the maternity ward in the town of Petrich.

"The condition of the ward is on the threshold to fall below the existence-minimum. With the current letter, I turn to all of you, Rotary fellows, with the hope to turn your attention to this and to receive your support.

"We believe that the Rotarian solidarity and the shared responsibility

Back at Christmas, Bonnie and Dennis volunteered to serve Christmas dinner with Bridging RVA at the Congregation Beth Ahabah. About 650 people enjoyed the meal.

is something distinctive for Rotarians worldwide and truly rely on your response."

If you would like to see the accompanying pictures or make a donation, see or email Julie.
