What You Missed ...

By Sara Hickey on Sunday, February 28, 2021

Last week, our guests were Ellie Jones and Laura Metzler from the Business Information Center at the library.

They spoke about programs available for Small Businesses and Entrepreneurs who need help getting started.

They are meeting virtually in one-on-one appointments now, but are hoping to go back to

in-person visits soon. You can join their Facebook page to find out more information or keep up-to-date on their latest offerings. Ask to join the **CCPL Business Information Center** Facebook group. They are also available on Instagram and this page is open to the public. We were excited to hear that the new North East Branch of the library is progressing on schedule and will be opening in late April or early May. Our club will be getting notification of a private tour once the dates are set, so keep an eye out for this

fun opportunity.

Ellie also discussed the [JobNow Database](#) which is a resource page where patrons can find live job assistance, nation-wide and local job search engines, professional resume critique, and proven interview techniques.

We discussed being available as speakers if the library needs someone for an event and also partnering with them for mentoring opportunities. We will communicate updates on these items when information is available.
