### Service Grows Rotary

By George David Waechter Monday, November 23, 2020

Over the course of the last 5 months, we have been urging clubs to Grow Rotary through membership planning, innovative club development, and community-based Rotaract. More times than not, I have heard the question, "How can we grow Rotary during a pandemic?"

The answer is that **Rotary Opens Opportunities** through service. I can tell you that the clubs that are growing right now are the clubs that are doing service, and lots of it. So how does that work you may ask? Service grows Rotary because it engages our membership. Doing service together strengthens our bonds, it puts us to work on a common mission, and it gives us a purpose. It makes us better friends and shows us how we can work together to make lasting change in our community, in the world, and in ourselves. When we are engaged in doing service, we can easily recognize and experience the value of Rotary.

Service grows Rotary because it expands our reach into new communities and across the globe. When people see Rotarians serving, they see our shirts and hats and pins and they realize that Rotary is a force for good. They see all of the good we represent and they wonder, "How can I be a part of that?". When people who have a heart for service see folks serving, they will want to join.

Service grows Rotary because it increases our impact and people want to be a part of doing good in the world. Being out in the world makes us more visible. Sometimes people have no idea what Rotary is all about. They

Doing service is fun and people want, more than ever, to have some fun. Having fun is easy to

### Events

do when you are doing service. Learning new things, making new friends, sharing a couple laughs, and by the end of the day, having a heart filled with positivity and love, all contribute to the experience of having fun!

Service inspires. It inspires others who see our work to go out and do good as well. It inspires those we serve to renew hope in their hearts and minds that a better future is actually possible. And it inspires our members to seek new ways to have a positive impact on the world around us.

In sum, service grows Rotary. If you want to grow your club and get new members, the most effective strategy right now is to get out and do service. The opportunities for service are greater than most of us have ever seen. People need our help and perhaps just as importantly, people are out there who want to help. It is our job to put the two together and that is how Rotary Open Opportunities!
