By Tiffany Ervin on Sunday, November 14, 2021

Our own Angela Vaughan will be our speaker on Monday, Nov. 15 to present a very special program about Veterans Day. Angela is a US Marine and an active volunteer with Blue Ridge Honor Flight.

A native of Henderson County, she is a previous (and future!) member of our club and was also a charter member of the WNC Passport Rotary Club.

Don't miss this special presentation called "Beyond the Uniform - What Veterans Want Others To Know" on Monday at the historic depot.

Wear red, white or blue and let's make this a very special evening!

Birthdays

Nov 8-History of Transportation in NC

By Tiffany Ervin on Tuesday, November 9, 2021

Tony Mosteller was born and raised in Lincolnton, NC. He is a 1986 graduate of Lincolnton High School and a graduate of the Gaston College Diesel Mechanics Program. He is currently an ASE Master Heavy Truck Certified Diesel Mechanic.

He told us about the 4 different kinds of freight trucks - LTL (less than trailer load) which was founded in NC, Common, Sea/Land Container and Piggy Back (on rails). He shared the oldest trucking company in NC was Frerickson, founded in Charlotte in 1922 and told great stories of various other companies, including Carolina Freight which was founded by C. Grier Beam in Cherryville. Tony now volunteers at the Truck Museum named for Mr. Beam, and shared great stories of the goodwill done by Mr. Beam over the years. For example, he helped build Gaston College to develop a nursing program, he donated retired trucks to the high school band programs, and provided assistance to many

employees for education and health care.

Stan Bumgardner, the curator of the museum, also joined Tony and told many entertaining and informative stories. The C. Grier Beam Museum is now on the National Register of Historic Places and is one of only eight truck museums in the country. It is the only one dedicated to a single company. The museum is open for individual or group tours at no charge.

Tony is also a member of the WNC Passport Rotary Club, and his wife, Tammy, is our District Governor Elect!

Arbor Day

By Tiffany Ervin

On Thursday, Oct. 28, we celebrated 30 years of helping the City of Hendersonville earn Tree City USA designation by hosting our annual Arbor Day Ceremony.

Club members watched as a tree was planted in Sullivan Park (713 Martin Circle) by The Honorable Mayor Barbara Volk and members of the City staff and Tree Board.

This is always a special event and will be a great opportunity to honor our former members Dr. Jim Volk and Luther Smith who always worked diligently to continue this tradition.
