## News for Thursday, September 10

Hello Fellow Rotarians,

I hope everyone enjoyed the Holiday Weekend!

Many thanks to Past President and current Public Image Chair, **Todd Vinyard**, for his presentation last week about NCCAT. It is great that we have an organization like NCCAT in our state that helps teachers grow in their profession so that students become more successful.

This week, **Jim Buchanan will speak to our Club about the history of Jackson County.**

**On September 17, District Governor David Waechter will make his official visit** to our Club. Please make every effort to join the meeting as DG David delivers the program.

It's **not too late to volunteer for the Census 2020 project**. It's a simple process that can be done from the safety of your home, and it generates money for the Club and our non-profit grant recipients. Please contact Dale Connor or Vance Davidson if you have a few hours a week to spare and want to contribute.

Yours in Rotary Service,

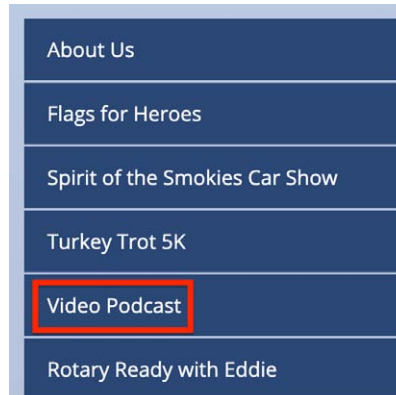

**Joe**

## How can I do video make-ups of Club meetings?

By Scott Baker

Great question! We are recording all the virtual meetings for the club. You can get a make-up AND stay current on club happenings by watching. You get to report a make-up for watching as well! Win-Win!

Go to <http://www.sylvarotaryclub.org/video-podcasts.php> to get to the list or click the link from the menu in the graphic above on the club web site.

## Weekly Meetings Have Resumed - Zoom Zoom!

### 1. To join with video:

- \* Use your computer, tablet or smartphone, with access to a high-speed Internet connection.
- \* Your computer will need a camera and a microphone (laptop computers, tablets and smartphones usually have these built-in).
- \* Install the Zoom application; it's quick and painless -- when you **click on the link that appears in every edition of the Rotor**, you'll be prompted to download the application, and then you'll be connected automatically. (For security reasons we're unable to put the URL on the home page of our web site.)

### 2. Or, to participate via audio only:

- \* You just need a phone (it doesn't need to be a smartphone, or connected to the
