*She is looking for 50+ pounds to take with her, new and gently used books for children K-3<sup>rd</sup> grade.*

*Let’s bring them in this week to Rotary. Inexpensive children’s books can be found at Ollie’s (good stuff cheap), Costco and Dollar Store.*

### **Last week:**

We enjoyed our weekly meeting #6 of the Rotary year in person at the Indian Trail Town Hall. 13 Rotarians in attendance plus our speaker and his parents were our guests.

Our scheduled speaker was Adam Davis who gave a very interesting presentation of the North Carolina School of Science and Math where he recently graduated. He told us that over 11,000 North Carolina students are graduates including a woman astronaut.

The school is ranked #1 High School in North Carolina with a 7-1 student to teacher ratios. All costs are paid for by the state for this residential school located in Raleigh. Many of the courses are advanced and receive college credits.

### **Notice – District Conference Postponed**

The Delta variant is creating additional uncertainty and has changed the short-term outlook of the pandemic. It is now responsible for the vast majority of COVID-19 cases in the US and in the 14 counties of District 7680.

The health and safety of our members is, and always will be, our number one priority. In light of these developments, the District Conference Planning Committee has decided to POSTPONE our September 10-11<sup>th</sup> District 7680 Conference. We are working with the hotel and will keep you updated as information develops. For those that have registered and paid, refunds will be processed in the upcoming week.
