

Rotary

Club of Charlotte Providence

The Weekly Rundown

Congratulations to Ron Wimberley and Mary Ellen Shuntich upon being installed as President and President-Elect, respectively, of our Charlotte Providence Rotary Club! Let's make 2020-2021 an awesome year!

While we will continue to have weekly Club meetings via Zoom until further notice, many have floated the idea of having a socially distanced get together. One idea is to meet at the Grist Mill one evening, with each bringing a chair and, of course, social distance and wear our masks. This would give us an opportunity to socialize. We could get food boxes or have pizza delivered.

OR

We could we could meet at Olde Mecklenburg Brewery where they are positioning picnic tables 8' apart. Fran has been there since they reopened and says it was quite nice.

At the the club meeting next week we'll gauge interest. If you're not able to make the meeting or if you'd like to go ahead and provide your input, please send to Fran or myself.

CPR Thursday July 3rd - NO MEETING

JULY 3 - No Meeting

Wishing everyone a joyous July 4th holiday, so we will not have our weekly meeting this week. Next Meeting via ZOOM Thursday July 10th.

Happy Golden Anniversary Bunnie & Mike Walker

Years together

CPR Meetings Upcoming Presentations

JULY 9 - Chuck Sawicki and Steve Laine 22 years of Rotary Memories!

Chuck: Lessons learned over 55 years as a Rotarian member of 14 clubs and 8 districts, as a Club president where membership grew from 52 to 70, as a District Membership Chair and as an AG for 3 years. PDG Steve: With 67 years in Rotary, joining in 1954, currently at Boca Raton Sunset Club. Numerous assignments in his Rotary career including National Permanent Fund chair and honored with the Service Above Self Award in 2000 and the Citation for Meritorious Service in 2006.

JULY 16 ♦ Club Assembly

JULY 23 - Influential Listening Skills Part 2

Michael Reddington to speak again about Influential Listening Skills Part 2. He spoke to us June 4th about being Influential Under Stress. As a Certified Forensic Interviewer, he spent over a decade training investigators globally on the successful application of non-confrontational interview and interrogation techniques. Michael had two key realizations while expanding his persuasive skill sets. Michael created the Disciplined Listening Method by integrating current business communication research and best practices

with non-confrontational interview and interrogation techniques. He teaches participants to activate the truth in the areas of leadership communication, sales, negotiation, conflict resolution, customer service, candidate interviews, family conversations and public speaking.

JULY 30 ♦ **Rob Luisana** will speak to our Club about ♦ **A Conversation in Healthcare.** ♦

Rob graduated from East Carolina University in 1973 and is a former Guilford County teacher and basketball coach, and served as President of the North Carolina Association Educators for Guilford County Schools for 3 years. He has worked as a health insurance broker and consultant for the past 35 years, working with corporations and individuals on all aspects of healthcare and insurance. Over the past five years, he has been a frequent presenter on healthcare issues, including NPR and Politico. Rob is also proud that he is captain of the Guilford County Senior Games Basketball Team ♦.. ♦ Deadmen Dribbling. ♦

Atrium Health on the Coronavirus

From Christy Smith who works for Atrium Health

Atrium Health updated the list of common COVID-19 symptoms according to the [CDC](#).

As a trusted healthcare partner, please know that Atrium Health is here to help our community through this. From sharing prevention tips to offering free and reduced-cost remote care options, we ♦re making every effort to keep you and the people you serve safe and informed. Be sure to check out www.AtriumHealth.org/Coronavirus for the latest information. The Atrium Health [Community Resource Hub](#) is also available for support. From food pantries to transportation and housing, the Community Resource Hub provides an easy way to access local programs and services.

In this challenging time, we ♦re asking for your help. Awareness and education are key to preventing the spread of this virus ♦ and by sharing information with your network, you can make a meaningful difference. Whether you share via email or social media, we appreciate anything you can do to support these efforts.

What you need to know about coronavirus (COVID-19)

We're all in this together. And at Atrium Health, we're here to make sure you and your family are safe, cared for and informed. Here's what you need to know right now.

Common symptoms of coronavirus

Fever

Chills

Headache

Cough

Repeated shaking with chills

Sore throat

Shortness of breath or difficulty breathing

Muscle pain

New loss of taste or smell

Nausea or vomiting

Diarrhea

Congestion or runny nose

What to do if you feel sick

Stay home

Most people with COVID-19 have mild to moderate symptoms and can recover at home. Rest up and prevent germs from spreading by staying home and away from others for 14 days.

Get checked and cared for at home

For more mild symptoms, keep yourself and others safe by getting medical care from the comfort of home. If you need help, use our free COVID-19 risk assessment to learn about the care you need.

Call ahead for in-person care

If you need in-person care for severe respiratory symptoms, call before you arrive at the doctor's office, urgent care or emergency room. This will help your healthcare providers take steps to get you the right care and keep others from being exposed.

If your health problems are a threat to your life, call 911 right away.

Tips for staying healthy

Wash your hands with soap and warm water

Don't touch your face

Avoid close contact with someone who's sick

Clean and disinfect surfaces and objects people touch often

Stay at home as much as you can, even if you feel well

Wear a mask or cloth face covering in public

Stay informed with accurate information
