## District 7730

### Message from Dawn

It is the first Monday of October and what amazing weather we are having. I do hope that you and your family are doing well. It is time to reassess where the groups that we lead are in meeting our plans and goals that we set out to achieve. COVID is still very present in our District and all of us deal with some level of uncertainty. I head a podcast this weekend that reflected on leadership in COVID. When we make decisions, they should create certainty. We are all facing group event decisions that Rotarians have long looked to as important for the Club and the District. Whatever the decision, ensure Club leadership is aligned on public health safety guidelines because you as a Club leader are the one that will be looked to should there be any concerns.

To have on your radar this week:

- It is such an honor for a Club to hold the distinction of having a District Governor from your Club. District Governor Applications for 2023-24 are due Friday, October 10th and must be signed by the Club President. To serve as a District Governor, the basic requirements are that you must have been a Rotarian for 7 years, must have served as a Club President prior to July 1, 2023 and must have served in Rotary outside the Club prior to July 1, 2023. Full guidelines and the application can be found at [www.rotary7730.org](http://www.rotary7730.org)
- I am available to have a Zoom call with you and your Board as you adjust your sails to meet your budget, your goals and your leadership succession plan. I am here to support you and work alongside to connect you with resources beyond your Club. Just email me or text me and we can arrange a time.
- Please ensure that the President Elect are identified and correct in DACdb. We begin the process of training soon and we need to ensure that the right person is receiving the email.
- World Polio Day Event, October 24th  Save the Date for a Global event with Global Rotary leaders that our District is partnering to host. You will not want to miss this opportunity to be inspired by Rotary International President Holger Knaack and other global leaders. Check DACdb for updates to the Calendar with details. We are scheduled from 10:30am to 2:00pm EST on Saturday, October 24th.

Thank you to everyone inviting me to your virtual and your face to face meetings that follow the 3Ws. I remain inspired by all that you are doing in your lives and in your communities as we place our families first, navigate our businesses and serve our communities.
