The PREZ SEZ:

Our meeting Tuesday is one that is very special. We get to celebrate the sweet fruit of our labor after a successful Duck Derby amidst a global pandemic! Below is an outline of all of the beneficiaries of the funds and a brief of their projects.

The Dictionary Project assists all third grade students at Robert E. Cashion Elementary School to become good writers, active readers and creative thinkers by providing them a gift of their own personal dictionary.

Pres. Theresa Marchi

Early Act First Knight (EAFK) teaches students character traits, based on virtues of knighthood, through a daily curriculum that includes Rotary's Four-Way Test.

Friends of the Reedy River will develop a video series to present to community organizations and students to expand their educational outreach to protect and improve the Reedy River.

Girls on the Run will be able to scholarship its transformative program to 20 girls at Robert E. Cashion Elementary School, in order to enhance girls' social, psychological, and physical skills and behaviors to successfully navigate life experiences.

Habitat for Humanity will be able to provide financial relief to focus on food and health that has never been so important to families.

Jasmine Road will develop and deliver resources and services in a time where human trafficking, prostitution, and addiction are on a rise in Greenville County.

Loaves & Fishes will increase their efforts to fight hunger in the community in a time of so much uncertainty and need like never before.

Mauldin Miracle League will be able to provide uniforms to the children when they are able to play safely.

The Roper Mountain Science Center Pollinator Garden in the new Environmental and Sustainability Center will provide hands-on learning about global sustainability to students all over the region in grades 4 through 7.

Rotary International Global Project provides clean water, sanitation and hygiene facilities to remote villages in Honduras.

Strides will be able to scholarship 6 at risk students for 4-6 weeks each in order to help them advance one grade level in their subjects.

Trees Upstate will be able to plant 50 trees in our community, including at Roper Mountain Science Center.

United Ministries will be able to support services (access to showers, restrooms, use of phones, lockers, washers & dryers) at the Place of Hope day shelter for individuals who are chronically homeless or indigent.

With Gratitude,
Theresa

SEPTEMBER IS

'BASIC EDUCATION & LITERACY' MONTH

"If you want to build a better world, you have to awaken the souls of your Rotarians, to their ability, and their own potential, and to the longing inside each and every one of us."

~ PRIP Barry Rassin
