Lt Governor Pamela Evette's presentation was informative and positive.

Financially the State is in a good place (surplus \$\$) inspite of the "hit" COVID has had on resources.

The legislative culture in Columbia is collaborative (party to party and business and industry).

SC COVID response including Accelerate SC have been examples for many of States.

Call to Action - Fill out your 2020 Census documents and mail them in! Census numbers are used in Federal Funding formulas (allocations to states) and it is estimated that SC unreported our census by approximately 20% in 2010. **Ask your family and friends if they have filled out their 2020 Census.** Census data is not shared (confidential) and it does make a financial impact on our Federal funding!

Past President, Tim Self, was presented with a much delayed, Rotary Plaque for his dedicated and fruitful service last year!

October 20th.

"It's a little different approach —it's more of building a relationship and then working on the work,"- Gary Bruhjell

We had a great meeting last Tuesday. Gary Bruhjell, Principal, and Elizabeth Bowen, Asst Principal, of Homeland Park Primary School gave us an overview of their school, their students, and how their goal is for HPPS students to have the SAME experience at HP as every other student in Anderson District 5! It was truly inspirational. Gary's focus is to build relationships and trust with both the students and their parents or out of school support system(s). It appears to be working as demonstrated by the fact that 14 of 16 students had a parent or family member at the last STEM event at the school. According to Gary, that is HUGE progress! Our Club presented Gary and Elizabeth with two big tubs of books, over 800 pairs of socks, bags and bags of candy and crayons for Spooktacular and boxes and boxes of candy bars, crackers, chips, etc for the Teacher's Whoop Whoop Wagon! Allison Youngblood through the OAK Foundation brought a bag of fitness and playground equipment and informed Gary and Elizabeth that the Foundation was donating one for EVERY classroom! It was a great program and an uplifting meeting!
