Last Week's Program

Executive Director Nancy Paschall presented our program last week on HALTER (Healing and Learning Through Equine Relationships), which is an affordable Therapeutic Horseback Riding program that has served residents of Spartanburg, surrounding counties, and students with special needs at the South Carolina School for the Deaf and Blind since 1987. They care for about 100 participants per week and 300 per year. The children learn life skills and also receive speech, occupational and physical therapy services in coordination with Spartanburg Regional Hospital.

Upcoming Programs

Feb. 25 Spartanburg County Solicitor - Barry Barnette

This Land is Your Land

This land is your land, this land is my land
From the California to the New York island
From the Redwood Forest, to the gulf stream waters
This land was made for you and me

As I went walking a ribbon of highway
I saw above me an endless skyway
And saw below me a golden valley
This land was made for you and me

This land is your land, this land is my land
From the California to the New York island
From the Redwood Forest, to the gulf stream waters
This land was made for you and me

This land was made for you and me
This land was made for you and me
