Last Week's Program

Our guest speaker at our last meeting was fellow member Allen Smith, President and CEO of One Spartanburg. Allen told us about the rebranding/reorganization process that combined the Chamber of Commerce, Economic Development and Visitors/Tourism bureau under one organization, which makes them more effective and efficient. He also described their efforts to help with Spartanburg's COVID-19 recovery efforts in the "Bringing Back the Burg" program. They are tracking 19 data points, with a benchmark of 80% of 2019 levels. We are exceeding that benchmark for 2020 in almost every category.
