## FUN FACTS

William Joseph Gray

My wife and I got married in Las Vegas (it was planned - we did not elope).

I've run several full marathons, including the Boston and New York.

Cousin of Robert Sydney "Hurricane" Hazle, Major League Baseball player and 1957 World Series Champion.

I was named after my grandfather, Billy Joe. Seriously, that was his name on his birth certificate. He was raised on a farm in Summerville, and he was the first to graduate college in his family. When he graduated, the College of Charleston forced him to legally change his name to William Joseph before they would award him a degree; hence my name William Joseph Gray.

I am an Eagle Scout.

I've seen the band Phish over 40 times.
