Last Week's Program

Fellow member John Montgomery presented the program last week with an update on the Mary H. Wright Redevelopment Project. John told us the project is somewhat complicated because it involves historic renovations to qualify for tax credits. When completed it will have 53 apartments available for rent, with twenty percent of the units offered at below market rate. Construction on the \$11M project started in March of this year and should be completed by February or March of next year. The complex will include onsite secure parking as well as a fitness center and pool.
