

## Comfort and Care of Club Members

Welcome fellow Rotarians to August (hot in Fresno!) and Membership and New Club Development Month. I hope you have all enjoyed your first few meetings of the new Rotary year, and have heard all the exciting things your Presidents have in store for you. They have worked very hard this past year to make this year exciting, engaging and meaningful.

Membership development is not just recruiting new members into Rotary, or starting new clubs, it is also about engaging our current members and providing opportunities for them that they are passionate about. Most importantly it's building meaningful relationships and having fun with each other. Many clubs have told me they are having a difficult time getting their existing members back into the fold after our time of social distancing and virtual meetings. You are not alone if you are experiencing the same. But how do we get our friends back into the experience of Rotary?

RI President, Jennifer Jones calls it the "Comfort and Care" of our members. I like that phrase because it feels very personal. People join Rotary to give back to their communities and network, but stay because of the relationships. Comfort and care can mean different things to different people, which is why we can't assume we know what people want. That personal connection with our members is how we can assure we are hearing them. Whether you are in Club Leadership or not, it is up to all of us to stay connected so we can all have the greatest experience possible.

In order to support our clubs we have created a Membership Liaison position in our District. These Liaisons will be assigned one to each of the 10 Areas in our District to work directly with our Assist Governors, Club Presidents and Club Membership Chairs to support all things membership. We will be working with them to bring that personal touch to the clubs, help evaluate options and provide a wealth of information about attraction and engagement. I hope you will embrace them into your clubs and have an open mind about the options and suggestions presented to you by all of the District Leadership here to serve you.

## August 2022 - Membership & Extension

If you are in an Area with an open position and are passionate about Membership or know someone in your Area clubs that would be perfect for this role, please get in touch with me.

Rotary is changing and we need to change when it's necessary in order to stay relevant and appeal to a larger audience. However, change is hard and some members are more comfortable with it than others. Women weren't invited into Rotary until 1987, which was a major change, but can you imagine Rotary now, without women today? How many of us have had that new member who joined and brought in different ideas and interests? Isn't that exciting? Diversifying our membership and representing our communities makes us stronger, more interesting and helps assure we are truly meeting the needs of all people in our communities.

I hope you will embrace the idea of comfort and care for each other, and personally reach out to that member you haven't seen in a while and invite them back. Invite that community member with different interests to your next meeting and ask them what they think of the Rotary experience. Working together, we can accomplish great things for our communities, the world and ourselves. Thank you for your commitment to each other and to Rotary.

**As People of Action we create meaningful relationships  
across decades and continents.**

Every encounter is an opportunity to show people what Rotary can do for them as individuals and as members of our communities. Enhancing participant engagement means that whenever someone engages with Rotary — through a club, a program, or even an event — they have an experience that exceeds their expectations. It also means that once someone is on the Rotary path, it's as exciting, fulfilling, and meaningful in decade five, as it is on day one.

Dear Club President,

Human Trafficking worldwide is the second largest criminal activity, second only to drugs. Whether forced labor or sex trafficking, it is in every corner of the United States and your community is not immune to this heinous crime. As Rotarians or members of our communities, we need to be at the forefront of combatting modern-day slavery.

The July issue of the Rotary Magazine, on page 12 is an article on how Rotarians tackle the big issues and focused on Rotarians who are working hard to combat human trafficking. On November 1st, 2021, an Anti-Trafficking Resolution 21R-28 was overwhelmingly approved by the RI Council on Resolutions, followed by full approval of the Rotary International Directors at their February 2022 board meeting. This resolution was a historic recognition of the problem of both sex and labor trafficking and stated: "Now, THEREFORE, BE IT RESOLVED by the Board of Directors of Rotary International to encourage all Rotarians to become more familiar with the growing problem of modern-day slavery, to be vigilant and report suspicious activity and to work towards solutions to end modern-day slavery in all its forms. Be it further resolved to encourage Rotary Clubs around the world to engage in projects to protect all victims from hunger, neglect, abuse, and all forms of exploitation and modern slavery."

Join us on October 1, 2022, either in person in San Diego or virtually through Zoom and leave with an action plan and a play book for your district or club that will allow everyone to protect their families and community.

Thank you for your help in this program.

To support one of our greatest initiatives in Rotary to date, we are holding a District 5230 Run, Walk, Ride Fundraiser to End Polio on Saturday, October 22nd from 10AM - 2PM on the Golden Gate Bridge. This unique event will be fun for your clubs, family, and friends to get the experience being on the Golden Gate Bridge in person!

I just walked the bridge with my son and daughter, and I have to say that it was breathtaking, an experience that can only be felt in person.

You could even be a sponsor and truly make a difference - your club, your business, your team - can be forever memorialized on our custom t-shirts!

We are also partnering with Districts 5150, 5160, 5130 and 5180 to support their event (and each other) which will create an incredible "End Polio Now" weekend. Their event will be held in Vallejo and is a Polio Abilities Awareness Expo on Sunday, October 23rd. Their focus will be on Post Polio Syndrome, immunizations and advocacy for increased accessibility for all people with disabilities. We will forward their information to you as soon as it is received.

World Polio Day is on Monday, October 24th, so we really want to create some excitement for this initiative the weekend before, and partner with our District partners. This disease is not gone, and it's just a moment/flight away, and we are "this close". Please join us to raise awareness and funding to eradicate this horrible disease in the world.

I hope you will join us for a memorable and fun weekend!

## Polio Koala

For Those of you that follow the Rotary District 5230 Facebook Page, you may have noticed posts with this little cute Polio Koala. Well, let me give you the back story on this.

As your Polio Plus Chair, I regularly attend Zone Zoom meetings monthly with the other Polio Plus chairs throughout the zone. There are 30 other districts in zones 26 & 27 and many times there are guests that attend as well. I love zoom because I have had the privilege of meeting wonderful people from around the world that I would otherwise never have had the opportunity to meet, one of which was William from Australia and the creator of PK (Polio Koala).

Long story, short, I was so amused with this little fluffy, that William sent me and FedEx delivered her on my door step July 1. Wanting to share her with all of YOU, I have decided that, PK will be traveling with me to your meetings, events, and sightseeing throughout the District collecting memories and souvenirs along the way. Then next June , PK will travel with me bringing all of these treasures to The Rotary International Convention in Melbourne.

The plan is to meet with William (her creator) and share all of these travel memories with William's district.

This is not a fundraiser, this is not an event you have to attend, this is just some pure unadulterated FUN and I hope you play along.

# A great big SHOUT-OUT To The Rotary Club of Carmel- By-The-Sea !!!

I had the privilege of being Invited to Past President Brandon Wiggins's lovely house for a BBQ. Upon arriving there, I was promptly presented with a bag full of dollars and several containers full of coins. Took me about a week to sort, count and roll all of that \$\$\$\$. But the total come to **\$1,812.22** add to that the 2 - 1 match from the Gates Foundation and that equals **\$5,436.66!**

That will go a long way to help "Kick Polio To The Curb"

Thank You so much for your leadership Brandon !!

## **Visalia Rotary Community Foundation Announces Scholarship Winners**

The Visalia Rotary Community Foundation (VRCF) 2022-23 scholarship winners showcase the area's best and brightest, including students who are passionate about music, medicine and engineering. Student winners came from all four of Visalia's public major public high schools, demonstrating that talent abounds all over the city.

VRCF offers four kinds of scholarships, each funded by a major donor from a local Rotary club. These include The Jane and Bill Nash Scholarship (one year, for a Redwood High School graduate); The Dwelle Four-Year Scholarship (also for a Redwood grad, for four years of college); The Provident Salierno Family Foundation Music Scholarship (a one-time gift for students interested in a music career); and The Richard B. "Dick" Watson STEM Scholarship (two, one-time scholarships for students pursuing a major in science, technology, engineering or math).

Scholarship winners this year are:

**McKenna Cook**, a Redwood graduate, received both the Nash and Dwelle scholarships, for \$4,000 and \$20,000 respectively. Cook had a weighted GPA of 4.20, and lettered in soccer three years at Redwood. She plans to attend San Diego State University majoring in kinesiology with a career goal of becoming a physical therapist.

**Sylvie Gonzalez** (Golden West) and **Sean Nickell** (Redwood) both received STEM scholarships for \$2,000. Gonzalez will be the first person in her immediate family to attend college. Her ultimate goal is to study medicine and become a doctor to honor her late uncle, who was a pediatrician. Nickell graduated from Redwood's Linked Learning Engineering Academy with a weighted GPA of 4.07. His goal is to major in Civil Engineering and become a civil engineer.

Five students received \$1,000 Salierno music scholarships. **Jordana Chano** (Golden West) graduated from Golden West with distinction. She is passionate about music and plans to make it a primary focus of his college experience.
