The 2023 Rotary International convention will offer endless inspiration for the year to come.

Rotary is holding its annual convention in Melbourne, Victoria, Australia this week. Rotary members and guests will gather in Australia's second-most-populous city from 27-31 May to Imagine What's Next for Rotary and for themselves.

With electrifying speakers, powerful breakout sessions, and more than 200 booths in the House of Friendship, the convention will offer endless inspiration for the year to come.

Rotary International President Jennifer Jones said the convention will be a chance to both look back and think ahead: to share stories of the past year's triumphs and get excited about new possibilities.

"We are looking forward to welcoming so many of you from across the globe to come and celebrate the great stories of what we've all accomplished together during this year," Jones said. She called for attendees to "imagine transformation," saying, "We transform ourselves from year to year. We don't change – we become better. We're going to celebrate what's next."

Our own **PE Kay Doxilly** is in Melbourne and will report back to us upon her return.
