FEB 29 PROGRAM RECAP DAN STOVER MUSIC CONTEST

Club maestro Georg Eittinger, once again brought three outstanding high-school-age musicians to entertain us while competing for prize money. Third place went to Shannon Tsai, a 10th grader at SMHS, who played the cello. Second place went to Danielle Tsai, a senior at Flintridge Prep, who played the violin while being accompanied on the piano by her mother. Danielle was part of our Dan Stover competition in earlier years. First Prize went to Kingston Cao, a 10th grader at LACSA who played a Chopin piece on the piano. With his win at the club level, Kingston will move on to the regional competition.

MARCH 4 PROGRAM. International Committee Update

We have one of the most active and most experienced international committees in the district. Come hear about their latest exploits.

LUNAR NEW YEAR CELEBRATION POSTPONED TO SUN. MARCH 10

Mark your calendars accordingly. Yes, it's okay to celebrate the lunar new year in mid-March. It's going to be a lot of fun.

BUILD BIKES WITH EVA LIN

Superstar Realtor, and soon to be inducted Rotarian, Eva Lin, will be building 200 bicycles at Victory Park from 9-12 am on Saturday, May 4th. This is a wonderful hands-on service project opportunity as several of us learned last fall when we participated. The bikes are easy to assemble (no experience necessary), refreshments are provided, and you get to see some of the bikes being given out to deserving young people and see the smiles. May 4th is also the day of the Corazon House Build in Mexico, which is another great hands-on project.

DISTRICT ASSEMBLY MAY 18

District Governor-elect Mike Driebe, who is very busy these days, was "in the house" on Thursday and invited everyone to attend the District Assembly May 18. This is a wonderful opportunity to meet other Rotarians, to get training for our jobs in the club, and to see the 4-Way Speech and Dan Stover district level final competitions. Carpool with other members of our club and have even more fun.

Upcoming Schedule (Invite a friend)

Mar 7 International Projects Committee Update JP Mainguy

Mar 14 Paul Harris Luncheon at Huntington Library (RSVP required)

Mar 21 Titan Robotics Demonstration

Mar 28 RYLA Students
