Meeting this Week, 25 January. Come out and enjoy the thaw!

Join us this week as we hear from Steve Fine regarding the Melanoma Education Foundation

Steve Fine, founder and president of the Melanoma Education Foundation, attended colleges in the Boston area, receiving a doctorate in chemistry from Northeastern University.

Shortly after his son, Dan, died of melanoma in 1998 at the age of 26, he founded the non-profit Melanoma Education Foundation and, since 2000, has devoted full time to the Foundation.

The primary activity of the Foundation has been educating high school and middle school wellness teachers about melanoma and providing them with free online lessons to educate their students about self-detecting melanoma while it is curable. Prior to the Covid 19 pandemic over 1700 schools in all 50 U.S. states and Canada were using the lessons, resulting in saved lives of students, teachers and their loved ones.

Board Meeting

A monthly board meeting will be held this week immediately following the conclusion of the club meeting.
