Service Committee

Tuesday, March 12 – We will continue the work we began last year planting native species along The Greenway at the new Chimney Swift Tower with Athens-Clarke County Sustainability Office. Chimney Swifts are efficient insect-eating birds. The newly constructed tower will allow them to nest and roost. We will begin working at roughly 5 pm and work until 6:30. More details to follow.

TBD in March – The next Keep Athens Clarke County Beautiful litter pick up date along Sunset Drive will be decided shortly for a date in March. Stay tuned for more details.

TBD in April -- Books for Keeps Distribution at JJ Harris. We'll be donating \$1,500 which will cover books for three entire classrooms.
