### Sweet Julia Grace Foundation Field Day Volunteer

#### Become a Field Day Volunteer!

Volunteering for our Adult Field Day is a win win for everyone!

You will laugh, do good, feel good, and help our Raindancers, all at the same time!

This fundraiser is an all hands on deck kinda day. But what an important day it will be. This fundraiser will help us raise money to help the Raindancers we serve, and all the Raindancers that will come our way!

If you can say YES to helping with our event on May 18, it will help us continue to say YES to families who hear NO way too often.

## IGNITE App for our club

Our club has invested in a new mobile app to make our communication and connections more efficient! In order for it to work the best, EVERY MEMBER needs to download. Go to your app store on your phone and search for "Ignite by Member Minder Pro."

Why download?

- Easy access to pay your invoices/dues.
- Contact information for all members - email or call from the app!
- Review your Rotary International Foundation contributions and Paul Harris awards.
- Access to the Club Calendar with Zoom links when needed.
- Much more!!

Once you download and open the app, please choose "DACdb" and then enter your DACdb credentials. Your email should be your username. If you forgot your password, let Mark ([markgcooke@gmail.com](mailto:markgcooke@gmail.com)) know and he can reset for you.

## Northern Virginia Community College (NOVA) Update

Our Gainesville-Haymarket Rotary Club would like to thank Ms. Diana Brown, educator and a board member at Northern Virginia Community College (NOVA) for her visit to our Rotary club's meeting this afternoon at the Giuseppe's Italian Restaurant in Haymarket. Diana shared some of the experiences, resources, and programs available through NOVA. The Northern Virginia Community College has six campuses throughout Northern Virginia. Many students from NOVA were successfully transferred to their four-year college of choice. NOVA has a Fab Lab that provides access to the most advanced fabrication processes, training in 3D modeling, and a foundation in the principles of Design Thinking and creative problem-solving.
