Economic & Community Development Month

## a message from Bruce...

21-22 District Governor  
Bruce Mackey & wife Linda

By the time you read this, I will have completed about half of the visits to our Clubs. These visits are without a doubt the highlight of being a District Governor and, at the same time, one of the most humbling experiences I have ever had.

Our Clubs, most of whom managed to find a way operate and thrive during the pandemic, are doing amazing things in their communities and around the world.

RI President Shankar recently said that Rotary does about \$1.3 billion worth of work in the world but if we accurately and completely recorded all of the programs we engage in, that would easily add up to more than \$5 billion. Sounds like he has been visiting the same kind of Clubs I have.

Our theme this year is, “Serve to Change Lives” and you certainly are doing that. You are changing lives next door in your community as well as overseas in the community of humankind. Talk about taking a theme to heart.

When I visit Clubs, I have asked the President to single out one individual who is deserving of special praise. In many cases these individuals are Rotarians who stepped up to ensure their Clubs continued to operate during the pandemic. As far as I’m concerned, these folks went, “Above and Beyond” what is normally expected from a Rotarian. They, along with all of the Rotarians who preserved, deserve a special place in this organization and in our hearts. I guess “Above and Beyond” has become the standard in our District.

Economic & Community Development Month

After you post your project on Club Central you'll see a link to **“export”** the project. I didn't understand what this meant. If you export you post it to the Rotary Showcase. Here is the message you get: *By posting this project on Rotary showcase, your name will appear as the Project Contact and people may contact you about this project through a contact form on the project page, which you will receive by email; please note that your email address will not be publicly visible. If you are not the creator of this project, please inform the Project Creator that their name will appear in Rotary Showcase with this project. You may object to the use of your email address at any time by sending a message to [Rotary.Social@rotary.org](mailto:Rotary.Social@rotary.org). Your privacy is important to Rotary International and The Rotary Foundation (collectively, “Rotary”) your personal data is subject to Rotary's Privacy Policy ([Rotary.org/privacy](https://rotary.org/privacy)).*

I can't think of a better way to publicize your project than sharing it with other Rotarians that will take the hard work you did to plan and execute your project and do similar projects in their areas. (And you might want to look at Rotary Showcase if you're looking for a project.)

Again, thank you for all the great work you are doing!

## District Governor Bruce Mackey presents Scot Hillman with his 8+ Paul Harris award

Bruce did share some collage knowledge to Scot “Stanford is certainly a wonderful school, especially if you can't get into the University of California at Berkeley.” For a junior University, (Stanford University, officially Leland Stanford Junior University) it is in a great community and has had some success in College football, (regardless of their frequent team's name changes) in the past few years. They are also great in the sciences and, for a school that has only discovered one element rather than fourteen, have done a creditable job. It is traditional for graduates of our universities to place a wager on the “Big Game” between Cal and Stanford. I would like to wager a \$153.00 donation (years since the founding of Cal) to the Rotary Foundation in Scot's name against \$136.00 donation (years since the founding of Leland Stanford Junior University) in my name. I would be glad to hear if Scot has any response to this email but, given the state of academics at Leland Stanford Junior University, someone may have to read it to him.”

## Getting to know Assistant Governor Brinet Greenlee Area 3 District 5230

When I was a child (and realized I couldn't be a mermaid when I grew up), I always wanted to be a teacher. When I became an adult, and learned of the organization known as Rotary, I always wanted to be Rotarian.

My dream to become a teacher was realized early on. I am coming to the end of a 30-year career as a classroom teacher, teacher coach, assistant principal and principal; serving for 23 years in the Salinas Elementary School District, and for the last seven in King City Union School District. The world of elementary school has been one of my greatest life passions, and I am blessed to have served in the career that was meant for me.

In December of 2014, my desire to become a Rotarian was realized when I joined Santa Lucia Rotary in Salinas and was initiated into Rotary by past RI Director, Brad Howard. As a member of SLR, I discovered my "why" as a Rotarian. I took the opportunity to do something for somebody else by participating in a service project in Tanzania. Together we built rain catchment systems to provide families in villages clean drinking water. Beatrice, the two-year old daughter of the family I worked with, became a symbol of my why. It was a richly rewarding experience that selfishly provided me with the sense of self-fulfillment that comes in the process, and the return of that satisfaction to one's own life.

Fast forward to 2019, when the idea of passport clubs became more prevalent. Several members of SLR, including then DG Monika Fewtrell, chartered a new Rotary club on February 23, 2019—Rotary Club of Salinas Valley Passport. Our mission and goals centered around community service and support to other clubs in District 5230. On the day of our charter we spent the day in community service, and have continued in that vein since. I was honored to become Charter President of RCSV, and thrilled that once again the person initiating me into my role as president was RI Director, Brad Howard. Due to COVID, that presidency turned into a year and a-half; and though, like most clubs, we struggled through the challenges presented, we are alive and well! One of our proudest accomplishments as a club was in chartering a new Interact Club at Rancho San Juan High School in Salinas. We also hosted a Youth Exchange student in our first year as a Rotary club.

I am grateful for the support and mentoring I have received from several Rotarians along the way. I know from experience that partnership and fellowship are two of the factors that make Rotary strong! One of those mentors once told me that things are accomplished, and roles are filled in Rotary, just because somebody said, "Yes!" It seems I'm that Rotarian now, saying Yes! to serving on the District Board of Directors, the role of District Interact Chair, and now Assistant Governor to Area 3. In the role of AG I am looking forward to continuing the partnership and fellowship that makes our Area and our District strong. It's my honor to serve!

I couldn't do all that I do without the love and support of the **primary passion in my life—my family**. I am blessed with and grateful for the most supportive husband, my beautiful children, and the most incredible seven grandloves a girl could ever ask for!

Brinet Mullen Greenlee  
"Even if."

## Taliban have children too ...

The situation in Afghanistan has escalated since a zoom meeting of RI END POLIO NOW Coordinators last week but several messages with great impact were delivered by our senior leaders during that meeting.

Many Rotarians have expressed concern about the future of our Polio Eradication Initiative – when ultimate success is so close.

However, RI Past President and 2021/22 Chair of The Rotary Foundation, John Germ, told the meeting Rotary's team has been working with the Taliban for some time and we need to remember 'the Taliban have children too – and want them protected against Polio'.

'We acknowledge the tragedy of the situation in Afghanistan, but there have always been obstacles in the way that have been overcome,' he said.

RI Past Vice President and International PolioPlus Chair Mike McGovern stated that Rotary's team is working closely with Afghan PolioPlus chair, Ishak, and news is positive.

'We have only one wild virus case in Afghanistan and Pakistan for the past eight months – and very little trace is being found in environmental samples. We need to work with all elements of leadership in that country and the anti government element has indicated a willingness to work with us,' he said.

'Historically, the Taliban have never been against Polio vaccination. They are wary of people involved in delivering the vaccines but they want to target the end of Polio and are very well organized.' Further, following dramatic events this week, Mike McGovern updated last week's comments ...

'In 2021, despite internal conflicts and a global pandemic, Afghanistan is seeing un-precedently low transmission of wild polio, with just one case reported this year. Not only has the country seen a drastic reduction in cases of wild polio, polio surveillance data confirms this progress and significantly less virus is being detected in the environment.

'As conflict in Afghanistan quickly evolves, we must advocate for the children of Afghanistan. The Polio program must work and communicate with all stakeholders involved to ensure that polio immunization remains a priority to ensure the gains we have made against polio do not diminish.

'We look forward to working with our polio eradication partners and the Afghani people to completely eradicate polio,' he concluded.

PDG Bob Aitken  
RI END POLIO NOW Coordinator, Zone 8, 2018/23

Economic & Community Development Month

Quito, 25 de agosto del 2021

**Dear Governor Bruce Mackey  
District 5230**

From Ecuador, District 4400 send you a warm and solidarity greeting, inviting you to participate in the XVI Rotary Virtual Fair which will take place on Friday, November 12 to Sunday, November 14, 2021.

Friendship and service, core to our Rotary activities, will allow all of us to renew construction of human society affected by the COVID 19 pandemic, based on solidarity, harmony, love, and respect for diversity, equity and inclusion. Serve to Change Lives will guide our efforts for many people in need around the world.

District 4400 will be presenting projects at our Rotary Fair. This will include the presentation of Global Grants, smaller projects by Rotaract groups, and a variety of other relevant information. In addition, it will be an opportunity to learn about Ecuador's wonderful cultural, environmental richness, and hopefully entice you to come to visit Ecuador at a future time.

Attached you will find the Promotional Brochure of the Fair and an Opinion Survey that allows us to receive your suggestions and recommendations in order to incorporate them into the planning of the Rotary Fair. Please access the survey via the following link:

[https://ucsd.co1.qualtrics.com/jfe/form/SV\\_dorn3X3QKvLGONw](https://ucsd.co1.qualtrics.com/jfe/form/SV_dorn3X3QKvLGONw)

Dear friends, please join us to turn the Rotary Wheel once more. Be a part of our Fair from 12 to 14 November, 2021. We are looking forward to our participation!

If you require any additional information please contact Rotary Fair Committee: Dolores (Loli) López ([doloreslopezp51@gmail.com](mailto:doloreslopezp51@gmail.com)), José Suárez ([jsua1947@gmail.com](mailto:jsua1947@gmail.com)), Lizdey López [secretariagobernador2122@gmail.com](mailto:secretariagobernador2122@gmail.com)

## Greetings Polio Warriors:

### Special Message from Rotary International's PolioPlus Committee Chair, Mike McGovern on Afghanistan

Because so many of you have expressed concern about the polio situation in Afghanistan with the takeover of the country by the Taliban, we are publishing this special edition to share an official statement we received yesterday from Mike McGovern's office. We thought it important enough to publish now, rather than wait till next week's newsletter, to hopefully allay concerns that some folks may be having. Thus this special edition.

#### The statement follows: **Eradicating Polio in Afghanistan Michael K. McGovern, Rotary International PolioPlus Committee Chair**

As the sun rose on 1 January 2021, we all worried about what this new year would bring. For those of us who closely follow polio eradication progress, it was an especially worrisome. 2020 and 2019 had seen an uptick in wild polio virus cases and in circulating vaccine derived cases. Polio vaccinations had had to be suspended for a while in 2020 due to the coronavirus and vaccines for Covid-19 were just starting to receive early use approvals. The polio news was especially bad in Afghanistan. On the very first day of 2021, a wild polio virus case was reported. In the next week, the national health minister was fired due to hints of corruption on non-polio makers. Before month's end, the government of Afghanistan ordered the UNICEF polio lead to leave the country relating to a verbal spat that had occurred in the President's office. Then in March and June there were coordinated attacks on polio workers and their security teams leaving eight families having lost loved ones. The Taliban denied responsibility for the attacks, and it appeared the attacks were tied to elements who supported ISIS or ISIL as they are also known. We also noted that some areas of the country had been subject to over 30 months of a ban on house-to-house polio vaccinations. While all this was going on other activities were occurring which have been mostly unreported. On January 17th, the Regional Directors of WHO and UNICEF met at the Taliban office in Doha, Qatar to discuss polio vaccinations and Covid response in the areas controlled by the Taliban. While house to house polio vaccinations were not agreed to, the seven senior members of Taliban leadership indicated support for other measures to provide vaccination activities. In all areas of the country, health screenings continued unabated which showed no new wild polio cases and no positive identification of polio viruses in the environment. In a zoom call of polio partnership leaders the week of 17 August, Aidan O'Leary, the global WHO polio director, noted that Afghanistan has one of the best programs for polio surveillance in the world and it was not finding polio anywhere. After the fall of the Afghanistan government in mid-August, the new leadership has agreed to keep on the acting health minister who has been effective in righting the program since February. Taliban leaders have visited the national and regional polio offices and pledged their support for the polio eradication program. On 23 August, a Rotary sponsored roadside vaccination hut provided vaccinations to children under five with local Taliban providing the needed security. For security reasons, I will not share the photos I received but it was good to see the Rotary logo doing good in the world. Rotary has just 35 members in Afghanistan. They inspire me daily with their courage and perseverance. The polio program has always been politically neutral in every country. Rotary and our partners work with the leaders who are in charge. We now work with new leaders in Afghanistan. Rotary funds WHO and UNICEF. We do not send any funds to the governments nor to groups other than WHO and UNICEF. We monitor the spending they do on our behalf very closely. We have never been closer to eradicating polio in Afghanistan. We will continue to work with the Afghani people and our partners to finish what we began over 35 years ago.

**DISTRICT 5230 STEPS UP!**

At the request of their state government, the Rotary Club of Madras spent US \$250,000 to handle the vaccine program for the Indian state of Tamil Nadu in Southern India.

However, COVID then became epidemic in the child population of Tamil Nadu. The Rotary Club of Madras needed US \$40,000 to provide enough equipment and supplies to adequately support the overburdened pediatric ICUs in the state.

In response to this need the clubs and Rotarians of District 5230 have now sent US \$20,000 to India in response to this need. Our district has been prominently publicized by the Rotary Club of Madras for our quick, generous response. They are in awe of our caring and support.

**Way to go, Rotarians!****Great news!**

All requests from clubs for District Matching Grants have now been approved by the Rotary Foundation and all clubs notified. By the time you read this, we will probably have received the money from them. The checks will be mailed out to your club on the same day. Watch for it! This year's grants have been very creative and beneficial to all our communities. Congratulations!

## DISTRICT 5230 WORKDAY!

You are cordially invited to District 5230 Rotary Workday! This year we, as a District, are coming together to provide a community clean up event for the Assistance Service Dog Educational Center (ASDEC) in Woodlake, CA. This non-profit teaches students from the Woodlake High School how to train service dogs for the mentally, medically, and physically disabled. Their service dogs are trained for 2 years at their facility in the 107-year-old St. John's Schoolhouse and are taught over 90 commands to assist their clients. ASDEC has placed over 300 dogs since its inception in 2002. They have trained dogs for seizure alert, diabetic alert, facility service work, autism support, and for veterans with PTSD. If you are interested in coming out for a day of community, fellowship, and fun please contact Nina Clancy at (559)280-4651.

### List of projects and needs:

- DG for the dog pens. Tilling of the pens with a tractor or backhoe.
- Concrete pouring for dog pens.
- Lawn and flower bed maintenance.
- Dog bathing and grooming.
- Fence painting and maintenance.
- Tree pruning.
- Dog shampoo
- Dog collars and leashes
- Dog treats and toys

**WHEN: Saturday, October 16<sup>th</sup> 2021**

**WHERE: 32786 Road 212  
Woodlake, CA 93286**

**WHAT TIME: 8 a.m.-2 p.m.**

**WHAT TO BRING: Work gloves, a mask, old clothes, close toed shoes, and a love for dogs!**

SERVE TO CHANGE LIVES

### Fresno Area Clubs Blood Drive

The Rotary clubs in and around Fresno are taking part in a blood drive contest being conducted by the Central California Blood Center. The club that donates the most units, as a percentage of their official membership per capita will win bragging rights for a year so when you donate, or when your family and friends donate, be sure to say that you are donating on behalf of your club.

Sept. 2021

Economic & Community Development Month

On July 29, members of the small but mighty Fresno Sunrise Rotary Club visited the Central California Blood Center to participate in the Rotary blood drive.

Membership Chair Michael Renberg organized this effort, which included an opportunity to socialize directly afterwards over dinner at Bobby Salazar's.

Sept. 2021

Economic & Community Development Month

The Porterville Rotary Club planted tree seedlings in the Sequoia National Park in May to start our 100 years of service to our community. We worked hard and truly enjoyed it. The Porterville Rotary Club has agreed to continue supporting the U.S. Forestry ENVIRONMENTAL recovery after the Sequoia Complex Fire- Castle Fire "burned an estimated 170,00 acres and burned more than 7,500-10,600 Giant Sequoias, 10-14 % of the world's magnificent trees" as reported in the Porterville Recorder.

The Giant Sequoias play an important role in the Sequoia National Forest ecosystem, natural wonders like the Trail of the 100 Giants bolster the economy of Tulare and Porterville area according to U. S Senator Kevin McCarthy.

The idea or proposed project is for a donation \$ Rotary Members Adopt a Tree and a tree will be planted on their behalf. A plaque will be added with their name or family name next to the tree. We will have a visit in the Fall to view the burned area and walk amongst the Giant Sequoias through the "Trail of the 100 Giants." It's a mile walk or you and other cyclists can ride the trail.

Then in the Spring, we will have a work-tree planting party. According to US Forestry Teresa Benson, it is too dry right now. Please let me know if you are interested in this idea as a district project? We need preparation and more coordination with the US forestry personnel.

Thank you and good wishes,  
Arlina

## Porterville Rotary Club STEPS UP!

At a recent club meeting, those in attendance agreed to donate to the Grocery Warehouse food drive and \$2400 was collected. George Martinez, a member of the Knights of Columbus, came to express his gratitude to the club. The Knights took over the St. Anne’s food pantry where it fed over 7600 families and over 22,000 people last year.

*Lisbeth Lara presents a gift bag to the club*

*Darwin Lara*

They work with other organizations in the area such as Helping Hands and the Coordinating Council to feed those in need. He said, “We’re successful because we’re able to help so many people.”

Darwin and Lisbeth Lara, owners of the local Grocery Warehouse, brought some bags of food to thank the club for the donations. They said that last year they did not meet their goal of collecting \$6000, so this year they downgraded the goal to \$5000. With Porterville Rotary’s donation they surpassed the \$6000 mark. A special shout out to Julinka Alyona, who donated \$1000. The donations will pay for a cover over the patio where food is kept and distributed.

Sept. 2021

Economic & Community Development Month

The Rotary Clubs in Tulare County came together for a work day earlier this month at SCICON, Tulare County Office of Education’s science and conservation education program site. Located in Springville, in the foothills of the county, SCICON has been providing outdoors education for the county’s 5<sup>th</sup> and 6<sup>th</sup> graders for more than 50 years, so many Rotary members have happy memories of spending a day or a week there when they were young.

Still, any 50-year-old site is going to need some upkeep and improvements now and then, and that’s where Rotary came in. First, the District supplied grants funds of \$22,000 to pay for new benches – great for social distancing once students come back to in-person events. Then, local club members spent their Saturday building those benches and doing some weed whacking, too. Some 49 Rotarians worked hard to get the job(s) done, then had a great BBQ to celebrate their efforts.

As schools begin to open up again, we hope local students will be able to enjoy this special place once more. Thanks to all the clubs that participated: Visalia Sunset, Breakfast, Downtown, County Center; Tulare and Tulare Sunrise; and Earlimart and Visalia Latino for being part of the group grant - and special thanks to Rotary Club of Visalia member Mike Payne for organizing the BBQ and Tulare Sunrise President Matt Hamilton for spearheading the event.

Sept. 2021

Economic &amp; Community Development Month

It's not too early to start thinking about the Rotary Clubs of Visalia's Centennial Celebration, slated for Saturday, January 22, 2022. This swanky event will not only be the gala of the year (or even the century??), it will also raise funds for the Centennial Project, refurbishing Visalia's Rotary Theater. The Rotary Theater was built in the 1930s, and was operated by the Visalia Unified School District. In 1987, local Rotary clubs revitalized the building and the District named the theater after Rotary in thanks. Now, 1987 may not seem all that long ago to some Rotarians Of A Certain Age, but after decades of use by local groups and students, it needs a face lift. The sign outside alone should tell you that!

Inside, the picture isn't much better. Floors are worn down, seats are torn, and the lighting and sounds systems are antiquated. What better way, then, to mark 100 years of Rotary in Visalia than to make the theater bearing our name a local showplace.

That will cost around \$500,000, so the Centennial Board has been working hard to raise funds through donations and grants – and of course, the Celebration! Currently, we are looking for event sponsors who will help us with this gala and Rotary Theater improvements.

Sponsorships start at \$10,000 (Lollapalooza Sponsor, which comes with 8 event tickets, special wine, and marketing for the donor), and also include Big Shot Sponsor (\$7,500), Baby Grand Sponsor (\$5,000), and more. Many of the sponsorship packages also include a wall plaque or named seat in the theater. You can also purchase a named seat for \$500, and buy individual tickets for \$150 each. To become a sponsor, visit [https://one.bidpal.net/R100/ticketing\(details:ticketing-summary\)](https://one.bidpal.net/R100/ticketing(details:ticketing-summary)) or contact Scott Jacobsen at 559-909-4165 or [scottkevinjacobsen@gmail.com](mailto:scottkevinjacobsen@gmail.com). You can also purchase tickets at the website link.

Then get ready for the Celebration, an elegant event with a 1920s theme, to be held at the Visalia Convention Center. The evening will feature dinner, music, dancing and “hooch” stations where you can choose from popular drinks from the last century made by bartenders wearing clothes from that era. What should you wear to this party? Black tie, of course, or attire that reflects your favorite period of the last 100 years. In other words, wear a tux, wear a flapper dress, or wear a poodle skirt – but don't just come as you are. This is a once-in-a-lifetime event, so dress like it!

Will it build GOODWILL and BETTER FRIENDSHIPS...and Will it be FUN ?

Carmel Valley Rotarians enjoy playing with their new toy while building Goodwill and making Friendships with the members of their Community. The Carmel Valley Rotary Choo-Choo made its debut at the Annual Carmel Valley Fiesta this month. Carmel Valley Rotary acquired the Choo-Choo recently from the Carmel Valley Kiwanis. The CV Kiwanis originally built the vehicle and operated it for over 30 years at community events in Carmel Valley. It was a tough decision for the Kiwanis to part with their beloved Choo-Choo; however, they were pleased when an agreement based on the 4-Way Test with their neighbor Carmel Valley Rotarians assured that the iconic Choo-Choo would remain a fixture at Carmel Valley Events. We look forward many more events and seeing the smiles on the faces of our passengers!

# CHALLENGE

IT'S A CHALLENGE

**The Rotary Club of Monterey Pacific is extending a challenge to all district 5230 rotary clubs.**

A little back story:

Several years back ,the fantastic Nina Clancy, had created milk cartons which over the years have become scarce and many of our district members have been asking for more. Unfortunately, we have not been able to get a commitment from any of local dairies to produce more. But since us Rotarians never take “no” for an answer, we have sponsored and created our own bottles. Yes, Bottles.

Embracing Rotary’s stance on climate change and sustainability, we have chosen glass milk bottles for longevity, durability and aesthetics.

Bruce Mackey will be distributing these bottles on the Valley side and Monterey pacific will distribute them on the coastal side. All bottles are free, however donations are encouraged and greatly appreciated so we can order more for every Rotarian who would like one. Anyone can also sponsor an order of some bottles as well.

So, the challenge is to fill and refill your bottles for the month of October seeing that October 24<sup>th</sup> is world polio day.

Let’s see which club can collect the most “give me your milk money for polio”  
The winner of this challenge will receive a bottle filled with 2lbs of custom M&M’s that have End Polio now imprinted on them.

**And yes, they are edible.!**

## Rotary Club of Hanford Supports Veterans at City Birthday Celebration

The Rotary Club of Hanford was pleased to honor our Veterans on July 31<sup>st</sup>, at a ceremony commemorating the 130<sup>th</sup> Birthday of The City of Hanford. DG Mackey presented the plaque which will be housed in the Veterans Hall in Hanford's beautiful town square.

Empowering Youth  
Through the Arts

Rotary experience.

**New Member Spotlight**

Welcome New Member Robert Slawinski and his family to the Carmel Sunset Rotary Club. Robert Slawinski has over 30 years of experience as a professional auctioneer, personal property appraiser and auction marketing specialist. Robert has been a long time Rotarian with previous membership in the Rotary Club of Scotts Valley (2000-2017) and Santa Cruz Sunrise (2017-2021). Robert will make a great addition to our club with his extensive knowledge of fundraising, and

New Member Robert Slawinski with wife Theresa and Daughter Ana.

**Paul Harris Award**

Carmel Susnet Rotary Member Molly Nance received a Paul Harris award for her fundraising effort with the Sunrise Challenge. The annual photo event, inspired by Molly, challenges people around the world to wake up early and greet the sun for seven consecutive days, boosting creativity and productivity in their lives. The photos are then exhibited and sold at a reception and a designated charity is selected to receive the proceeds. This year, the Carmel Sunset Rotary Club was the benefactor of the event.

Former District Governor, Yavuz Atila presents the Paul Harris Fellowship award to Molly Nance.

**Rotarians Volunteer at Concours d'Elegance**

This year, Rotarians work diligently at various locations on numerous tasks throughout Concours week.

The Pebble Beach Concours d'Elegance relies on the participation of hundreds of volunteers each year. Volunteer involvement not only ensures this event is a memorable experience for spectators and visitors from all over the world, it also contributes directly to the Concours charities.

## Quality Speakers build Quality Meetings!

Let's help DG Mackey build a powerful database of potential speakers and topics for your clubs.

- Enter Speaker content into DACdb when you enter your Club Meeting information into the DACdb Calendar. <https://rotary5230.org/speakers>
- Know a good speaker? Add a few pieces of information online, and monthly this information will be added to our speakers bureau! <https://rotary5230.org/speakers>

## RESOURCES - GET TO KNOW DACdb

DACdb.com and m.dacdb.com connect you to your club members and the district. So please,

- Use your email and sign in today! (Link to DACdb) <https://www.dacdb.org/>
- Keep your information accurate
- Upload a picture of yourself
- Update the Calendar with your club meetings, fundraisers and events for the year if you haven't!

## Rotary International Conference

**SAVE THE DATE**  
**June 4-6, 2022**

Registration begins online June 12, 2021

This convention gives us a chance to share our Texas hospitality and welcome our Rotary family and friends from around the globe. Together, we'll share ideas about how "Rotary Opens Opportunities" to create positive and sustainable change to our world's most important issues. District 5890 is the home of 2020-2022 Rotary International Director Suzi Howe, and she looks forward to seeing all of you here!

**Volunteer opportunities available! See website for details!**
